Roof Replacement Contractor Earns Community Recognition in Douglasville

February 27, 2023

February 27, 2023 -
Douglasville, GA-based Paramount Roofing & Consulting is encouraging homeowners to look up what other customers have to say about the company if they are in the market for a new roofer. While the team is immensely proud of their work, they acknowledge that many would rightly be wary of trusting any contractor regarding their own services. As such, the comments left by other customers may be a better indicator of what a company is capable of.

As a roofing contractor with a strong commitment to its community and maintaining peak customer satisfaction on every job, Paramount Roofing & Consulting is proud of the positive feedback it has received. Much of this feedback has been left online in the form of reviews, but comments have been shared on the company?s social media spaces as well.

On the company?s Google profile, for instance, I. Hawley says, ?The most impeccable service anyone could ask for. This company is amazing, knowledgeable, prompt and professional. Otis walked me through the entire process, assisted with my insurance claim and followed through with every promise. I wouldn?t hesitate to use this company again and would recommend them to anyone that I know. Paramount will be my

roofer for life! Do yourself a favor and call this company! I am beyond satisfied with my roof. It looks amazing. Exceeded my expectations!"

Notably, the company boasts a full 5-star rating on this platform, and they regularly receive praise for their work from new customers who decided to give the team a try. A more recent review by N. Hanson says, ?I had a leak in my roof which caused some water damage inside the home. I put in a claim to my insurance, and the process began. Mr. Otis with the company called and scheduled to come out to inspect the roof. He was very professional and thorough. He wrote up the inspection and sent it off to my insurance, and within a day the ball was rolling. Mr. Curtis, who also works with Paramount, came to my home and brought a color sample pallet on Saturday. I made my decision, and the roof was done on Thursday. I loved the way they answered any questions and stayed on timeliness. I would definitely recommend their services.?

The company states that they pay attention to every Paramount Roofing & Consulting customer review they receive. While the vast majority consist of positive comments, the company says they are always looking for new ways to improve their services, and customers who somehow did not have a completely satisfactory experience may still have much to teach the team. This is especially crucial given the scope of the services the company provides.

Paramount Roofing & Consulting is able to maintain, repair and install virtually any kind of roof a local customer may be interested in. Roof tarping is available here as well, and the team is also accustomed to responding to emergencies on short notice. Given how vital a roof is to the safety and comfort of a property?s residents, Paramount Roofing & Consulting wastes no time in answering a call for help. Whatever the damage may be, the team will assess it, develop a plan to address all concerns and then implement said plan with minimal delays.

There are other advantages to working with this contractor as well. As many of their customers have noted, Paramount Roofing & Consulting has a great deal of experience working with various insurers, and the team is always more than happy to help customers navigate the frustrating claims process. A damaged roof is stressful enough, and homeowners should not have to jump over any other hurdles simply to have the repairs paid for. With Paramount?s help, this becomes much less of an issue.

The quickest way to inquire about a roof repair, roof maintenance, or roof replacement in Douglasville is to call the company directly. However, Paramount Roofing & Consulting can be contacted through the company?s official website and social media accounts as well. An inspection can be scheduled with no hassle whatsoever.
