February 21, 2023 - PRESSADVANTAGE -

Mighty Dog Roofing, which is based Lenexa, KS, is proud to announce that they have received more five star reviews from satisfied customers. This roofing services provider has currently an overall rating of 5.0 out of 5 stars on Google. The company is a provider of residential and commercial roofing services and they are capable of handling roof repair and replacement, no matter what the size. They are also a provider of gutter repair or installation, window installation, siding installation, attic venting, and more.

In a recent customer review, John C. gave them a five star rating and said, "Our experience with Mighty Dog Roofing could not have been better. Manny Aparicio and Javier Tobar initiated the process from assessing the repairs needed to our roof, to walking us through options as it pertained to our home insurance and coordinating the actual repair/replacement of our roof. From start to finish, the entire process was excellent. Extremely professional, patient and responsive handling, from both Manny and Javier to the workers, of the job. The roof itself looks beautiful and we now take great comfort in knowing our home is covered for many years to come. Mighty Dog Roofing is highly recommended from our experience with the staff and the work itself."

There are a number of things that differentiate Mighty Dog Roofing of Southwest Kansas City Metro from other roofing contractors in the area. First of all, they provide drone sky view inspection and reporting. This innovative way of inspecting and reporting is approved by insurance companies and the reports provided can also be used by real estate agents in ensuring the roof and other exterior parts of the home are in good condition before the sale. And the report provided is not subjective.

Another important factor is Mighty Dog Roofing's customer vault, which ensures that the history of the home's exterior is properly recorded and kept in a safe place. This includes all pictures, inspection reports, warranties, and maintenance records. They also provide the curb appeal visualizer, which is also known as the Mighty Dog Visualizer. This will help the customer is customizing the appearance of the home's exterior using photos of the home by using a smartphone. It offers the use of before and after tools to help in the design of the exterior. This visualizer allows the homeowner to view the home's exterior with various product and color options as a way to help in picking the preferred products and colors.

They also offer the Watchdog Maintenance service, which includes yearly inspections of the home's exterior. They will provide a year after comparison of the exterior's condition and this is stored in the customer vault. This information can be shared with insurance companies and with realtors.

Mighty Dog Roofing of Southwest Kansas City Metro is owned and operated by Wyatt Henton, who is a native of Kansas City and has resided in Shawnee his whole life.
