

Dr. Hickman Offers Affordable Vasectomy Reversal Procedures in New Braunfels, Texas

February 24, 2023

New Braunfels, TX - February 24, 2023 -
Dr. Mark Hickman is offering affordable vasectomy reversal services at his New Braunfels, Texas, clinic. Patients from all over the country have benefited from Dr. Hickman?s services and have thanked him profusely for changing their lives.

Dr. Mark Hickman is a man of strong Christian faith who has made offering affordable vasectomy reversal procedures his life?s mission. He is focused on changing as many lives as he can by giving men and families another chance at parenthood. As a pioneer of laparoscopic surgery, Dr. Hickman uses his knowledge of the medical domain to offer affordable procedures that have the same or even a higher rate of success.

Dr. Hickman talks about his work by saying, ?I hear from many of my patients that they regretted getting vasectomies and wish they could turn back the clock and not go through with it. Whether it made sense for them at the time or they were misled by propaganda, I feel it is my duty to help everyone who wants to get back their God-given gifts. There is nothing more powerful and precious than the ability to bring a new life into

this world. Through my work here in New Braunfels, I aim to give everyone who walks through my clinic?s doors, another chance to use that gift.?

Dr. Hickman received his medical degree from the University of Texas Medical Branch in Galveston, TX, at the age of 23. He then underwent extensive training in General Surgery Residence at the university for five additional years where he was also introduced to microsurgery with Plastic and Reconstructive Surgeons. Identifying the potential that microsurgery had for the future of medicine, Dr. Hickman dedicated his life to studying it. Today, he is a well-known expert in laparoscopic procedures who is credited with inventing several surgical instruments, has been awarded a US patent, and is recognized as a contributor on several other important minimally invasive patents. He is also invited to teach minimally invasive techniques to other surgeons nationwide.

His medical acumen is backed up by his faith, the latter of which also guides his mission. He is an active member of his church. He is also involved with the Men?s ACTS Retreat Ministry and currently serves on the Apostolate Board for the North American Province of the Missionaries of the Holy Family and the Board of Directors of TIPHER (The Institute for Public Education, Health, and Research).

Dr. Hickman offers two all-inclusive affordable options for vasectomy reversals. Along with the microsurgical vasectomy reversal, the $3,300 offer includes local anesthesia and an oral sedative. The $4,200 offer is performed under IV sedation and is administered by a Board Certified Anesthesiologist. Both microsurgical options are all-inclusive with no hidden fees. Patients from all over the country who have visited Microsurgical Vasectomy Reversals in New Braunfels claim it was a life-changing experience for them. On his clinic?s Google Business Profile, which has an impressive overall rating of 4.8 out of 5.0, patients repeatedly talk about how influential Dr. Hickman?s care was for them.

One of the latest reviews says, ?The personal level of care and service received for my reversal was special and outstanding. We flew in from out of town, everything was quick and efficient yet personal and caring. Both the Dr. and his right hand, Pat, were excellent communicators. We didn't choose this option because of the excellent pricing (which was a plus) but based on the reviews we read. His focus and specialty is doing reversals. We were pleasantly surprised when Dr. Hickman said a special prayer over me right before the surgery started. My vasectomy was around 13 years ago. My wife and I decided we wanted more children. Hoping and praying that we will be able to get pregnant soon.?

Readers can contact Microsurgical Vasectomy Reversals at (830) 660-0600 to inquire about the price of a vasectomy reversal. The clinic also has partnerships with local establishments to offer out-of-town patients affordable accommodations.
