

Tree Service Experts Pembroke Pines Partners with the Arbor Day Foundation to Plant and Care for Trees Across America

February 22, 2023

February 22, 2023 -
Pembroke Pines, Florida ? Tree Service Experts Pembroke Pines is pleased to announce its new partnership with the Arbor Day Foundation in a mission to promote tree planting and care across the country. The news came at an event held by the Foundation to celebrate its 50th anniversary of creating healthier environments through tree planting.

As part of their agreement, Tree Service Experts will provide guidance on best practices for proper tree care, such as pruning and mulching, to promote healthy growth for newly planted trees. They will also be offering special packages for their services in recognition of the partnership.

The Arbor Day Foundation also announced a new initiative that makes tree-planting kits available to communities. The kits contain resources and materials needed to plant at least 25 trees and can be ordered through their website or purchased at select retail stores. Tree Service Experts Pembroke Pines plans to

distribute these tree kits through its network to bring more attention to the cause and encourage people everywhere to do their part in protecting and preserving the planet's environment. Together, they hope to create a greener future with healthier air quality, more robust climates, more wildlife habitats, and cleaner water sources across the country.

For information on how Tree Service Experts Pembroke Pines has promoted urban forest health over the years, visit the company's website: https://www.thelocaltreeexpert.com/fl/pembroke-pines/.

The partnership between Tree Service Experts Pembroke Pines and the Arbor Day Foundation seeks to promote awareness and education about the importance of trees and proper tree care. In addition, the company will work to develop programs and initiatives for individuals, communities, and businesses that are focused on planting and caring for trees. Tree Service Experts Pembroke Pines will also provide expert advice for all aspects of tree care, from planting to pruning and pest management.

"We are very excited to partner with the Arbor Day Foundation and help spread awareness about the importance of trees," said Hazzard Gail, CEO of Tree Service Experts Pembroke Pines. "At Tree Service Experts, we believe in the power of trees to create a healthier environment and community, and this partnership provides us with a great opportunity to do just that. We look forward to working together to make a real difference in our environment."

The Arbor Day Foundation has been working since 1972 to protect the environment through tree planting and care initiatives. Their work focuses on planting trees in schools, parks, neighborhoods, businesses, and other areas throughout the country. This year, they are celebrating their 50th anniversary with a nationwide effort to plant 50 million trees by 2032.

In support of this goal, Tree Service Experts Pembroke Pines is offering its services free of charge for any tree-planting projects coordinated through the Arbor Day Foundation. The company is dedicated to helping create healthier environments through proper tree care and maintenance, which includes trimming and pruning, removing dead or dying branches, fertilizing and soil aeration, pest control, disease prevention, and more.

"We are thrilled to have Tree Service Experts Pembroke Pines join our mission to plant 50 million trees by 2032," said Dan Lambe, President of the Arbor Day Foundation. "Their commitment to providing quality tree care will be integral to our success in achieving this milestone. We are looking forward to a productive relationship that will benefit everyone."
