Akron Roofing Company TK Roofing & Gutters Receives Another 5-Star Review on Google

March 02, 2023

Akron, Ohio - March 02, 2023 -
Akron, OH, roofing company TK Roofing & Gutters has announced that it has received another 5-star review on its Google Business Profile. The review bolsters the company's impressive track record of delivering high-quality roofing services to homeowners and businesses surrounding Akron.

The recent 5-star Akron roofer review that the company is highlighting says, "TK Roofing & Gutters is a first-class business. I would never have gotten through replacing my roof, resulting in damage from huge tree limbs, without their help. They are professional in every way, and you can trust them to do a first-rate job. And on top of that, they are truly the nicest people you will ever deal with. Thanks to all!"

The TK Roofing & Gutters spokesperson shared the company's reaction to the testimonial by saying, "We are all very thankful to the reviewer for taking the time to tell others about our services. Emergency roof repairs following unforeseen incidents such as fallen trees or tree limbs are something that we have mastered over the years. When we arrive, we meticulously examine the full extent of the damage your property has suffered and identify the repairs that need to be made ASAP. We will even cover the exposed area of the roof by laying down a tarp so that the property's main structure is protected. Finally, we document everything and will work with your insurance company to ensure they cover what they are supposed to. There is no reason to doubt the quality of the work when you hire TK Roofing & Gutters. We work hard to take care of our clients."

The sentiment expressed by the review on the company's Google Business Profile is not unique, as several Ohio residents have also left reviews stating their approval. TK Roofing & Gutters has an impressive rating of 4.7 out of 5.0 from over 60 reviews.

Another recent review says, "Working with TK Roofing and Gutters was an awesome experience. They came out and looked everything over and were able to provide a quote the next day. Any questions we had were

answered quickly. Once they started working, they found slate underneath everything. They were able to work with our insurance company and have it covered. Even with the extra work of removing the slate, they moved quickly. They did a great job cleaning up after and putting everything back where it was. Our roof and gutters look amazing. I would highly recommend TK Roofing and Gutters to anyone needing a roof or gutters."

TK Roofing & Gutters has been serving the roofing needs of Ohio residents since 2007. Whether homeowners and businesses want their roofs installed, repaired, or completely replaced, the locally owned and operated company can provide the experienced crew to tackle any roofing challenge or emergency. It has completed over 1600 projects for over 800 happy customers and established itself as the most trusted local roofing company in Akron and nearby areas.

All of the company's services are fully licensed, bonded, and insured. The Akron Roofers also offer some of the best and longest warranties in the industry. TK Roofing & Gutters is a BBB Accredited business, is GAF Certified, Owens Corning Certified, and even a Select Shingle Master as certified by CertainTeed Roofing Systems. The latter recognition has only been afforded to 3% of roofing contractors in the country. Its roofing expertise includes a variety of roofing materials, including asphalt shingles, designer shingles, metal roofing, flat roofing, and more.

Readers all over Ohio can contact the Akron roofing company at (330) 858-2616 for a free estimate for their roofing needs. There is also a blog on the website that can answer commonly asked questions that one might have about their property's roofing.

Emergency Services and Storm Damage Repairs As Akron's preferred residential roofing company, we take pride in being the roofer Akron residents call when they are dealing with roof damage due to a storm. We know that Ohio weather can be unpredictable and that your roof needs to be able to withstand all that Mother Nature offers us in the Buckeye state. That's why we are one of the leading Ohio Storm Damage Repairs companies.

Not only will we help with the roof repair or replacement you need after a storm, but we'll also deal with the insurance company to make sure they cover what they say they would. Roofing Inspections You should schedule a roofing inspection service upon the first signs of damage and after an adverse weather event. Even if you don't see any visible damage, look for damage on your siding, as that can indicate damage elsewhere on the house. Common indicators of damage are outlined below. Our roofing services are carried out by a team of roofing contractors with years of expertise and who are dedicated to your satisfaction. A formal consultation by our qualified on-the-job personnel precedes any project before it is started. Roofing Repairs When it comes to the health and life of your roof, the force of hail, snow, wind, and rain can cause more than just water damage. Winter periods can be especially tough, as new roofs in good condition are not spared, and already deteriorated roofs can come under substantial damage. When harsh weather takes an unexpected toll on your home, we provide emergency roofing and roof repair services. However, in order for you to avoid bearing the brunt of an unexpected and costly repair, we recommend performing routine roofing inspection services above all else. roof-repair-company With non-obligatory roofing assessment services, why not check for routine damage before the problem escalates? Contact us now at (330) 858-2616 for free estimates and affordable roofing services in Akron. Akron's Affordable Roof Replacement Options Asphalt roofs and metal roofing are some of the more popular options for roof installations and shingle replacement. Also, we handle slate roofs as well. As the best local roofers in Akron, we have the experience to help install the right roofing solution for your unique situation. A partial installation with asphalt shingles can sometimes be challenging due to matching the shingle colors, but the right roofing contractor can quickly get the work done. With ever-changing weather conditions, it is important to have a durable roof to help protect your home. When it is durable, it can last longer with proper maintenance and care. Our certified roofing company can

help you choose the right materials for your Akron home. What Areas Does TK Roofing & Gutter Serve? Our certified roofers are proud to serve the communities of Akron. Here is a list of communities where we've replaced or repaired roofs: Chapel Hill East Akron Firestone Park Goodyear Heights Highland Square Kenmore Middlebury Sherbondy Hill South Akron West Akron We know that dealing with a roof issue can be frustrating. That's why we work to bring the best customer service to ensure that you get the best roof for your home and your family. If you think it's time to get a new roof, or if you need a roof repair, call us today at (330) 858-2616 to schedule YOUR FREE ESTIMATE! About Akron Ohio Akron is the county capital of Summit County and the fifth-largest city in the U.S. state of Ohio. It is located approximately 40 miles south of downtown Cleveland on the western edge of the Allegheny Plateau. The city had a population of 190,469 as of the 2020 Census, making it the 125th largest city in the United States. The population estimate for the Akron metropolitan region, which includes Summit and Portage counties, was 703,505. Simon Perkins and Paul Williams created the community in 1825 along the Little Cuyahoga River at the crest of the growing Ohio and Erie Canal. The name originates from the Ancient Greek word v: ákron, which means summit or high point. After Eliakim Crosby created nearby North Akron in 1833, it was briefly titled South Akron until the two villages amalgamated into one incorporated community in 1836. In the 1910s, Akron's population doubled, making it the fastest-growing city in the United States. Akron is known as the \"Rubber Capital of the World\" due to its long history of rubber and tire production, which is continued today by The Goodyear Tire & Rubber Company. It was previously considered a hub for airship development. Gojo Industries, FirstEnergy, Huntington Bank, and Charter Spectrum are among the leading corporations. Notable historical events in Akron include: The 1847 passage of the Akron School Law established the K?12 system. The popularization of the Akron Plan for church architecture. The establishment of Alcoholics Anonymous. The Akron Experiment to prevent goiters with iodized salt. Portions of the 2014 Gay Games. In this ethnically diverse city, Sojourner Truth delivered her \"Ain't I a Woman?\" speech in 1851, W. E. B. Du Bois gave his \"Ain't I a Man?\" address in 1920, and President Bill Clinton delivered his Race Relations speech in 1997. In Akron in 1914, Marcus Garvey established the Universal Negro Improvement Association. Major civil unrest in Akron has included the 1900 riot, the 1936 rubber strike, and the 1968 Wooster Avenue riots. Frequently Asked Questions Our Roofing Contractors Can Help You With All Of Your Roofing Problems How Can I, as a Homeowner, Know When There Are Problems With My Roof? There are many unique situations for roof problems. If you see something that does not look or sound right, then give us a call. If it's been a while since your last inspection, then our experienced roofers can take a look to identify any issues you may not be aware of. Do You Handle Insurance Claims? Yes. As Experienced Insurance Specialists, TK Roofing can handle your insurance claim from start to finish. That means we'll contact your insurance company for you. Do a thorough roof inspection to report back to the insurance company. Go over the claim and all of your options to repair your roof. Stay in contact with the insurance company and you as your roof is repaired. We know that dealing with insurance companies can be difficult. That's why TK Roofing and Gutters can help you through the entire process and help ease the burden on you in an already stressful time. To see how we can help you start your claim call (330) 858-2616. What Do I Do If My Roof Was Damaged During A Storm? This is one of the more common roofing issues Ohio residents have to deal with. The first thing you should do if

your roof was damaged by a storm is contact your insurance company. After they've been made aware, contact a roofing company, like TK Roofing and Gutters, that are qualified insurance specialists and will handle your insurance claim from start to finish. How Do I Know If My Roof Has Wind Damage? If you think that your roof has been damaged by strong winds, you should look for the following signs: Loose or missing shingles Shingles loose around the chimney Issues shingles curling damaged soffit fascia Indoor leaks When Should I Replace My Roof? There are several things you should consider when replacing your roof. The age of the roof. Most roofs can last anywhere from 20-30 years. It also depends if your current roof was replaced over an older roof. This can mask underlying problems and cause them to become bigger issues as the roof ages. Missing or damaged shingles. If you can see that your roof has missing shingles, or if your shingles are curling or broken, then it is time to look at replacing your roof. If you begin to notice discoloring on your ceilings or walls, this could be a sign that there is a leak in your roof. If you are unsure if you need a new roof, contact the best roofers in Ohio, TK Roofing and Gutters, for a free inspection and estimate. What Do I Do If My Roof Is Leaking? The first thing you want to do is to contain the leak by placing a bucket underneath it to collect water. The next step should be to call your local roofing company and have your roof inspected. Stopping a minor leak now will save you from having major problems down the line. You'll need an experienced roofing company to inspect and repair your roof. How Much Does A New Roof Cost? The cost of a roof system depends on the size of the project. Obviously, residential roofing is most likely cheaper than commercial roofing projects. The style of the roofing and the roofing business you choose also plays a role in the total cost. The average cost for a roof is about $6500. At TK Roofing, we offer reasonable prices for you and your family in Akron, OH. Do Roofing Companies Need To Be Certified? Yes. You want to use a Roofing Contractor who has been certified. This shows that they not only have experience but have also gone the extra step with specialized training and can provide you with one of the best roofing systems. Do You Work On Luxury Homes? Luxury Roofs are what we do. We handle everything, so you don't have to. Our team of roofing professionals will make sure your roofing system has the highest quality materials to make sure your investment is protected. In addition, our lead contractor will take precautionary measures to protect ornamental landscapes, fountains, statues, and any other valuables that require the utmost care.        "text": "The first thing you want to do is to contain the leak by placing a bucket underneath it to collect water.  The next step should be to call your local roofing company and have your roof inspected. Stopping a minor leak now will save you from having major problems down the line. You?ll need an experienced roofing company to inspect and repair your roof.",
