November 30, 2015

November 30, 2015 -
Hawkins Wealth Advisory, LLC, which operates out of Phoenix, AZ, has announced that they now offer the Pro Jockey & Rodeo Disability Income Plan. Hawkins is a company that focuses on providing insurance and other financial planning tools to high income earners and high risk occupations. They understand that people who do earn an above-average income have particular needs in terms of protecting this income. Details on the jockey and rodeo insurance are available at http://www.hawkinswealthadvisory.com/premium-insurance/.

"Whether the client is a horse jockey, driver, trainer, or show rider, they are exposed to countless possible injuries as well as being susceptible to illnesses just like any other person," says founder of the Hawkins Wealth Advisory, Robert E. Hawkins. "Even a minor disability will interrupt cash flow, with more serious disabilities possibly being career ending. We offer insurance packages specifically to deal with this high risk, unique profession."

The financial planning tool is suitable for professional horse racers, jockeys, drivers, trainers, rodeo professional and other professional riders. The plan, as can be seen on

http://www.hawkinswealthadvisory.com/wp-content/uploads/sites/436/2015/10/Professionals-Premium-Insurance.pdf, features worldwide 24 hour coverage and accident and sickness coverage. The plan is used for income protection, loss of future earnings and loss of endorsement.

The risk of loss of income is very high in the horse racing industry. As a result, most insurance companies will not underwrite disability insurance plans for these professions. The plan offered by Hawkins Wealth Advisory LLC is designed to provide disability coverage for both temporary and permanent disabilities. "Our global coverage capabilities allow our underwriting partners the ability to design, underwrite and administer our proprietary lines of coverage," adds Robert E. Hawkins. "The security behind all risks is furnished by highly rated national and international insurers, including Lloyd's of London. Our underwriters are the 'best in class,' underwriting policies since 1974."

People are encouraged to visit http://www.linkedin.com/in/hawkinswealthadvisory for further information about the different insurance packages the company offers and too speak with the director of benefits Mr. Paul Becker, as well as their other financial tools. The business is happy to cover people with individual and tailor-made plans specific to unusual and unique professions and risks. They are also proud to offer high levels of income protection, meaning people won't need several plans in order to retain their income.
