David W. said, ?My last invoice from Republic Services was $96.30 for the trash pick up and $62.94 fuel/environmental recovery feel for the quarter which equates to $53.08 a month. And that was after calling last quarter to complain about prices and they reduced it a lot. Sears is only charging $24.95 a month. No BS fuel/environment fee. (Environmental recovery fees are fictitious and are not charged by the landfill). Not to mention when I call Sears Disposal, a person answers the phone. Good luck talking to anyone at Republic unless you have gone through their phone tree and wait on hold for an hour.?
