Hawkins Wealth Advisory, LLC, with headquarters in Phoenix, AZ, has announced that they now offer Kidnap & Ransom Recovery Insurance. The company focuses specifically on offering insurance and other financial planning tools to high income earners. Details on the kidnap and ransom insurance are available at https://drive.google.com/file/d/0B5mut_8hx0vmV2FidHRfcThfMWs/view?usp=sharing.

Company founder Robert E. Hawkins was quoted as saying: "Imagine the overwhelming feeling of relief and sheer joy that you would feel upon the release of a kidnap victim. Now imagine the subsequent stress that would follow the realization that you are not insured in case of a kidnapping or ransom request. Your company or family had to liquidate all assets to pay the large ransom, purchase specialized phone equipment, pay for travel expenses, hire security protection, hire a negotiator, and pay for many more unforeseen costs. In addition, to rejoin society, the kidnap victim may need extensive psychiatric counseling and rehabilitation. This financial trouble could be avoided with Kidnap and Ransom Insurance coverage."

The Kidnap & Ransom Insurance covers kidnapping, extortion, detention and hijacking. It is proving to be a popular plan not just for individuals, but also for corporations, missionary groups, financial institutions,

and educational institutions. This type of insurance is incredibly important in today's political climate and particularly so for businesses that operate abroad. Unfortunately, due to political instability and high security alerts, most underwriters do not offer insurance to these groups of people. As shown on http://www.hawkinswealthadvisory.com, this is where the Hawkins Wealth Advisory sets itself apart.

The insurance policy is designed to protect the owner from financial losses experienced through kidnapping and extortion. It covers the various costs involved in ransoms, including the cost of a Crisis Response Team. This team is highly knowledgeable on ransom situations and how to conduct negotiations in real life situations of kidnapping and extortion.

The Hawkins Wealth Advisory team of "PIU" Underwriters, specialize in Kidnap & Ransom Recovery Insurance , whose details are available through private consultation, and based here in the United States. We understand that the recovery of a kidnapping or extortion situation is not just about financial losses, but also about its emotional impact. Our underwriting team is fully certified in Homeland Security Preparation and Response Team Level III.
