March 02, 2023 - PRESSADVANTAGE -

Mighty Dog Roofing, based in Cypress, TX, wants to point out that they are offering reputable solutions for the client's problems regarding the roof or any other part of the home's exterior. They offer roof inspection, roof installation, roof repair, window installation, and more. Mighty Dog Roofing has been offering high quality roofing services to homeowners and business owners for more than 20 years. They have a team of certified and trustworthy roofing specialists who are capable to roof repair or replacement, whatever the size of the home or commercial building. The company offers free inspections for residential and commercial buildings in Cypress and neighboring areas.

One of the distinctive features of the roofing services they offer in Cypress is the Drone Sky View, which uses innovative technology to provide the best objective and non-biased reporting. Realtors prefer the kind of report they provide because it offers assurance as to the health and condition of the roof and other exterior parts of the home before a sale. And insurance companies also approve of the report they provide.

The roofing inspection that can be provided by Mighty Dog Roofing of Northwest Houston takes a look at 25

items. These include: ventilation inspection; inspection of valleys; inspection of skylights; drip edge inspection; inspection of step and counter flashing; eaves and rakes inspection; nail head inspection; hip and ridge inspection; roof edging inspection; roof ventilation and exhaust system inspection; inspection of roof sheathing or decking; soffits and fascia inspection; inspection of gutter aprons; gutters inspection; plumbing stack inspection; chimney inspection; inspection of furnace caps and pipes; window inspection; inspection of AC unit exterior; inspection of siding; downspouts inspection; foundation drainage inspection; inspection of storm damage caused by the wind; inspection of storm damage caused by hail; and attic inspection.

The information gathered from the roof inspection will all be kept in the Customer Vault, which will contain all records for each particular Mighty Dog Roofing client. This is a personal vault that they keep for every client and it includes all pictures, reports, products used, warranties, and other related information. It will also include maintenance records, referrals, and all communication made throughout a project.

Mighty Dog Roofing also offers the Watchdog Maintenance service, which consists of yearly inspections of the home's exterior. They will then make year after year comparisons. These maintenance records will be important for the insurance companies, who will find them useful for claims processing, and real estate agents, who will use them when selling the home. Maintenance service is important to detect any problems as early as possible to prevent them from getting worse and resulting into more costly repairs in the future.

Another unique feature of the Mighty Dog Roofing service is the House Cape, which they provide to protect the home and the landscaping while doing roofing repair replacement. This feature is in the form of tarpaulin that is draped over the house to protect the other parts of the home, and also allows for easy cleanup and minimizes the risk of nails being left behind.

Mighty Dog Roofing of Northwest Houston is locally owned and operated by Jason and Chastity Nicholson, who have been together for more than 27 years and have three children and a Maltese. Jason grew up in the coal mines of Eastern Kentucky working with his father who was running a family owned heavy equipment repair company. It was during those formative years that he learned about the importance of integrity, honesty, and being a business leader. Chastity has over 20 years of experience of owning her own business and helping others achieve their goals. Jason and Chastity both understand and appreciate feedback and input from their clients and expect to develop long-lasting partnerships with clients and continually improve Mighty Dog Roofing.
