Got our new water heater installation done, and let me tell you, the hot shower felt great. Thanks again for the quick work!?

The company?s Greenwood branch also maintains excellent reviews. Stephan B. writes, ?We had a valve in our bathroom tear apart under the water pressure. Of course, it happened on a Saturday afternoon. After calling several plumbers, we got a hold of Midwest Plumbing who actually came out the same day. Considering we have two small children, it would have been tricky to be without water for the rest of the weekend. Thanks for coming through. Highly recommend it.?
