

## **Roofing Contractor Serving Baton Rouge Louisiana Offers Value Added Solutions for the Home or Business**

*March 02, 2023*

March 02, 2023 - PRESSADVANTAGE -

Mighty Dog Roofing, based in Baton Rouge, LA, points out that what they offer as a roofing contractor are value added solutions to their residential or commercial customers. The company offers various kinds of services such as roof installation, roof repair, attic venting, gutter installation, and more. One such solution is the free, no-obligation estimate they provide homeowners or business owners who request for it. But before they can do that, they will first provide a free inspection of the entire home or building exterior.

A spokesperson for Mighty Dog Roofing in Baton Rouge says, "We know the importance of trust and accuracy when dealing with something as important as your home. Our drone technology gives you verifiable and credible inspection information from the smart intelligence analytics it gives your home's professional inspections team. By setting the baseline health of your roof with our complete and thorough inspection, we keep your roofing service records and measurements, along with the history of any roofing repairs and replacement, locked away in your customer vault. This information will be unlocked every year so we can compare your last inspection with the current condition of your Baton Rouge Louisiana property."

Mighty Dog Roofing of Baton Rouge Metro maintains a Customer Vault, which is a personal vault where they

keep all relevant information about each client. This includes the initial inspection report, the services they have provided and the materials they used and the warranties, photos, and maintenance records. This allows easy access to all pertinent information about each client that they can refer to whenever the client requests for a service. The information contained in this personal vault will also come in handy if there is an insurance claim to be filed. The client can also provide the pertinent information to a real estate agent when selling the home.

They also offer a craftsmanship warranty in addition to the manufacturer's warranty to protect the client from any issues that may arise in the future. In addition, they back up all of their warranties with their exclusive free Mighty Watchdog Maintenance program. As indication of the high quality of their services, they have also been receiving five star reviews. They have an overall rating of 4.8 out of 5 stars on Google and in a recent review, Trish G. gave them a five star rating and said, "Hurricane Ida damage, and they completed a full roof replacement for my house and boat house. I am a very hard person to please but only had a positive experience. Thank you to the entire Mighty Dog Team, you gals and guys are the absolute best."

Another key feature of the Mighty Dog Roofing service is their Watchdog Maintenance service, which involves annual inspections of the exterior of the home using drone technology. They will also compare the inspection and maintenance reports that are produced every year. This provides a record of the history of the condition of the roof and other exterior parts of the home. These records will be helpful when making insurance claims and also when selling the home. Yearly maintenance is also important to ensure that the roof and other exterior parts of the home will last as long as possible and help avoid expensive repairs in the future.

Also available from Mighty Dog Roofing is the Curb Appeal Visualizer. This software allows the client to see what the home would look like when using a particular color and/or roofing material. This makes it easy for the homeowner to decide on which color and which materials to use.

Mighty Dog Roofing of Baton Rouge Metro is locally owned and operated by Douglas "Gage" Corte, an alumnus of Louisiana State University in Baton Rouge and worked in the finance and oil and gas industries. His experience in these industries allowed him to develop a passion for helping people by offering them value added solutions, which he currently applies to his Mighty Dog Roofing business.

Those who are in need of a roofing contractor serving Baton Rouge Louisiana can visit the Mighty Dog Roofing website or contact them through the phone. They are open 24 hours day, every day of the week.
