

Idaho Photographer Relocates To Twin Falls

March 03, 2023

March 03, 2023 -
Professional photography studio Brad Stein Media is reaching out to share that they have relocated to Twin Falls, ID (from Jerome, ID). Brad Stein is a widely-recognized photographer and videographer with an impressive body of work that includes weddings, couples, senior class photography, unique landscape, and still life photography. Learn more about him here: https://bradsteinmedia.com.

Stein says, ?While it has been a genuine pleasure to work out of Jerome, and I have had a great time serving the locals of the area, Brad Stein Media is now relocating to Twin Falls. I want to reassure everyone that while I am moving where I work out of, my services are still available to the residents of Jerome and the surrounding regions. This move marks a new chapter in my life, and I look forward to continuing my work with the same level of dedication and quality as I always have!?

Brad Stein has been an Idaho based photographer and videographer for the past nine years, and in that time, he has served hundreds of clients in the area. He has a passion for his work, and the relocation is part of his efforts to ramp up what he can offer as well as push the quality of his work higher than it has ever been before. Brad Stein Media offers a wide range of services and session types, including every type of custom photo or video work. Brad Stein Media offers photography services that include family, couples, engagement and wedding, portraits, pets, landscape, commercial, still life, real estate, maternity, fantasy, motor sports, and more. Brad Stein Media?s video work includes memorial videos for families that have lost loved ones, wedding videography, and so on.

Stein says, ?Any type of photography you need done, you can trust that I can handle it. I put my heart and soul into my work, and you can see the results in any and all the photos I have taken. I will work with you to make sure that the photos taken meet your requirements and needs ? and ensure that I capture the best parts of you.?

All images captured by Brad Stein Media are captured using state-of-the-art cameras and then professionally scanned at the highest quality possible. Videos captured and produced by Brad Stein Media are done at a stunning 5K resolution, which makes the image exceedingly clear and sharp. Stein also offers professional video and audio editing for those who need the videos edited, even adding in background music if required. The high quality services provided by Brad Stein Media have earned the company stellar praise from clients. In one review, Emily shares a deep appreciation for the studio?s work at her wedding. She writes, ?Brad did such an amazing job and captured every moment that was special to me and my husband on our perfect day! Brad and his girlfriend are the sweetest couple, and they made the whole experience so fun! He did a wonderful job capturing everything I wanted, and these photos turned out gorgeous! I really look forward to working with Brad again!?

In another review, Julie writes, ?We had an absolutely incredible photo shoot with Brad and we are thrilled with the photos we received! He worked with my daughter on her own vision and inspiration for her senior photos, and, wow, did he execute! He had so many poses, lighting ideas, and creative concepts, and together the result was perfection! He made her feel very comfortable and confident in front of the camera, and she liked that there were multiple locations and outfit changes so she had a variety to choose from. His rates were also very affordable for such high quality photography. I highly recommend Brad Stein Media and will treasure our photos for a lifetime!!?

Anyone interested in hiring Brad Stein for their photography needs can learn more about the range of services provided on his official website. He also encourages interested parties to reach out and get in touch

with him directly via email or phone for any questions or concerns. Brad Stein Media maintains a social media presence on Facebook and Instagram where he shares his photographs and communicates with clients.
