Citrus Heights, CA ? For the first time in its 20-year history, Citrus Heights Tree Service Experts held free tree care workshops for residents of all ages today. The event was led by Foy Elliot, CEO of Citrus Heights Tree Service Experts, and his team of expert arborists. The event aimed to educate people about the importance of proper tree care and maintenance and to show the community how trees can be treated with respect and care.

The event was a great success, with over one hundred participants from the community in attendance. Attendees had the opportunity to learn various tree care techniques and gain expert advice from the professional arborists leading the workshops. In addition, they received helpful handouts and resources to take home with them.

At the end of the event, attendees were provided with a certificate of completion for participating in the workshops. They were also offered discounts on future services and products related to tree care.
