

Roofing Contractor Serving Rockledge Florida Provides Insurance Trusted Drone Super Scan Inspections

March 07, 2023

March 07, 2023 - PRESSADVANTAGE -

Mighty Dog Roofing, based in Rockledge, FL, wants to point out that their Drone Super Scan inspections are trusted by insurance companies. Their drone technology offers trustworthy and verifiable inspection information from the smart intelligence analytics it provides the professional inspections team. The inspection report produced is not just approved by insurance firms but it is also appreciated by real estate agents for providing a credible report of the condition of the home's exterior before a sale.

A spokesperson for Mighty Dog Roofing in Rockledge says, "By setting the baseline health of your roof with our complete and thorough inspection, we keep your roofing service records and measurements, along with the history of any roofing repairs and replacement, locked away in your customer vault. This information will be unlocked every year so we can compare your last inspection with the current condition of your Rockledge Florida property. This is great information your insurance company will love if a claim is ever needed to be filed."

The drone inspection takes a look at 25 elements. These include: aircon unit exterior inspection; inspection of valleys; inspection of skylights; attic inspection; inspection of step and counter flashing; eaves and rakes

inspection; ventilation inspection; hip and ridge inspection; roof edging inspection; drip edge inspection; inspection of roof sheathing or decking; soffits and fascia inspection; nail head inspection; gutters inspection; plumbing stack inspection; roof ventilation and exhaust system inspection; inspection of furnace caps and pipes; window inspection; inspection of gutter aprons; inspection of siding; downspouts inspection; chimney inspection; inspection of storm damage caused by hail; foundation drainage inspection; and inspection of storm damage caused by the wind.

The inspection report provided by Mighty Dog Roofing of Cocoa Florida will go into the Customer Vault, which is a personal vault they provide for each client where they keep all of the information about the roofing and other home exterior parts. This vault will contain photographs, maintenance records, project records, products used, warranties, etc. The Customer Vault will make it easy for the client and Mighty Dog Roofing to access relevant information about the home's exterior whenever there is a need for it. The information will be of interest to insurance companies during claims processing and realtors when selling the home.

Mighty Dog Roofing also provides the Watchdog Maintenance service where they perform annual inspections. This ensures that any problem that may be developing is caught as early as possible and the appropriate fix can be provided and prevent the issue from becoming worse that would require a costly repair in the future. They will also compare the yearly reports to see how the roof is holding up, for instance. This allows the professionals and the homeowner to make a good estimate of how long the roof can be expected to last, which allows the homeowner to be ready when comes the time the roof needs to be replaced.

They also offer the Curb Appeal Visualizer, which is a software that allows the homeowner to easily see on a mobile device what the home would look like when a particular color or material is used for the roof. This ensures clients the resulting appearance of their home is what they prefer.

Mighty Dog Roofing of Cocoa Florida is locally owned and operated by Tyler Tyler and Ben Ramirez. Tyler was one of the youngest superintendents at a luxury home construction company in Florida and he leverages this experience and expertise in organizing and coordinating construction projects in Mighty Dog Roofing. Ben and his wife have a combined 34 years of residency in the Cocoa community and he has developed a deep understanding of a city where residents are always willing to help other people who are having difficulties. Ben partnered with Tyler to establish Mighty Dog Roofing in Cocoa and offer reliable roofing services, such as roof inspection, roof installation, roof repair, attic venting, gutter installation, and more.

Those who are looking for a roofing contractor serving Rockledge Florida can go to the Mighty Dog Roofing website or contact them through the telephone. They are open from 7:00 am to 8:00 pm, every day of the week.
