

Roofing Contractor Serving Macon Georgia Offers Drone-Assisted Inspection for Non-Biased Reporting

March 03, 2023

March 03, 2023 - PRESSADVANTAGE -

Mighty Dog Roofing, based in Macon, GA, wants to emphasize that they provide the distinctive home exterior inspection service that uses a drone and innovative technology to ensure non-biased and objective reporting. Their Drone Sky View service offers the benefit of providing objective reports that insurance firms approve of for claims inspections. Real estate agents also tend to love the kind of report provided by the drone-assisted inspection because it shows potential buyers the condition of the home's exterior before making a sale.

The Mighty Dog Roofing inspection will focus on 25 points. These include: attic inspection; inspection of valleys; inspection of skylights; ventilation inspection; inspection of step and counter flashing; eaves and rakes inspection; drip edge inspection; hip and ridge inspection; roof edging inspection; nail head inspection; inspection of roof sheathing or decking; soffits and fascia inspection; roof ventilation and exhaust system inspection; gutters inspection; plumbing stack inspection; inspection of gutter aprons; inspection of furnace caps and pipes; window inspection; chimney inspection; inspection of siding; downspouts inspection; inspection of storm damage caused by the wind; inspection of storm damage caused by hail; and foundation drainage inspection.

The inspection report will be included in the Customer Vault that they provide for each customer. This is a personal vault for each customer, which allows both Mighty Dog Roofing and the customer to easily access relevant information about the home's exterior whenever a roofing or home exterior work is to be done. They offer various kinds of services, such as roof inspection, roof installation, roof repair, attic venting, gutter installation, and more. The Customer Vault will include photos, products used, maintenance records, warranties, etc. for each particular customer. Such information may also be of interest to the insurance company of the client and also the real estate agent when selling the property.

Another distinctive feature of the services provided by Mighty Dog Roofing of Macon is the Watchdog Maintenance service, where they conduct yearly inspections to make sure that any developing problem will be detected as early as possible. This will prevent a minor problem like a small leak from growing into a more serious issue that will require costly repair in the future. They will also compare the results of the annual inspections to offer a way to understand how the roofing or any other exterior part is standing up to the elements year after year. This allows the client to be prepared for any major projects, such as a roof replacement or major roof repair.

Also available from Mighty Dog Roofing is the Curb Appeal Visualizer, which is a software tool that allows the client to easily visualize how the home would look like when using a particular color or roofing material. By trying various colors or roofing materials, the client would finally be able to make a choice that would be the most suitable based on their preferences.

Mighty Dog Roofing also understands that clients may experience financial difficulties but oftentimes, roofing repairs or replacement can't wait or else the other parts of the home will be seriously affected. That is why they also offer MDR EZ financing, which provides a wide range of choices for financial services providers. Deductible financing is also available.

Mighty Dog Roofing of Macon is locally owned and operated by Chris Brown, who strives to provide a high level of quality, sophistication, and an emphasis on customer service for the Macon community and neighborhood. All of their projects are manned by experience and certified roofing experts and they offer a technologically-centric, cutting edge approach to roofing that includes drone-assisted inspections and other innovative tools.

Chris Brown says, "Hop on a call with one of our friendly customer service personnel to learn more and feel free to give us a shout by using our contact form if you have any questions or comments. We can't wait to bring great home exterior solutions to your front door."

Those who are searching for a roofing contractor serving Macon Georgia can check out the Mighty Dog Roofing website or contact them on the telephone. They are open from 7:00 am to 8:00 pm, every day of the week.
