Oklahoma City Tree Service Experts Offers Free Educational Resources for Homeowners

March 01, 2023

March 01, 2023 -
Oklahoma City, OK ? Oklahoma City Tree Service Experts, a leading tree care and maintenance service provider in the Oklahoma City area, has launched free educational resources to help homeowners better care of their trees. The initiative was announced today by Lauryn Daniella, CEO of Oklahoma City Tree Service Experts.

The free educational resources provided on the Oklahoma City Tree Service Experts website include blog articles and videos about proper tree care and maintenance. This includes information about tree pruning, watering, fertilizing, cabling and bracing, mulching, and disease prevention.

Additionally, homeowners can find advice on what to do when their trees are affected by storms or pests. The initiative also provides helpful tips for planting new trees in the home environment.

Lauryn Daniella believes that proper education is essential for successful tree care. "Taking care of your trees requires knowledge," she said. "Our goal is to help people learn more about their trees so they can understand the needs of each one better." In addition, Lauryn hopes that these free resources will give homeowners a better understanding of how best to maintain the health of their trees and ensure that they remain strong.

In addition to providing free educational resources on its website, Oklahoma City Tree Service Experts plans to launch a consultation service that will give homeowners access to the company's arborists. The company will also host workshops and seminars around the Oklahoma City area to help spread awareness about

proper tree care practices.

"At Oklahoma City Tree Service Experts, we understand the importance of providing quality tree care and maintenance services," said Daniella. "By offering free educational resources to homeowners, we hope to equip them with the knowledge they need to care for their trees."

The initiative includes a downloadable guide with advice on dealing with pests and diseases common in Oklahoma City. Additionally, the company has created a series of online tutorials that offer step-by-step instructions for various complicated tree care tasks, such as planting trees and removing stumps.

"We believe everyone should have access to quality information about tree care and maintenance," Daniella continued. "That's why we've made these resources available for people to learn more about caring for their trees."

In addition to the educational resources, Oklahoma City Tree Service Experts also offers comprehensive tree care and maintenance services, including trimming, pruning, fertilizing, bracing & cabling, pest control, stump grinding, and more. This allows homeowners to get professional help with any tree-related issues they cannot fix independently.

"We know that caring for your trees isn't always easy," said Daniella. "That's why we provide complete tree care services tailored to each homeowner's needs. Our team of experienced arborists is here to help you keep your trees healthy and looking their best."
