

Ambulance And People Transport Company Bona Life Ambulance Announces New President

January 20, 2016

January 20, 2016 - PRESSADVANTAGE -

Bona Life Ambulance, based in Old Bridge, NJ, has announced that, effective immediately, the new president of their company is Peter Siskin. As president, Siskin will hold responsibility over the administration, marketing, product development and overall operations of Bona Life Ambulance. Mr. Siskin is a veteran in the ambulance and transportation industry, large public and private agencies and systems in Connecticut, Philadelphia and New York City, and also works with a volunteer EMS system in Ocean County, NJ.

Bona Life Ambulance is a member of Be Wise , which serves as a venue for both businesses and individuals. Individual members find it easier to look for businesses they require while businesses are able to get exposure and advertise.

"We support local businesses and enable local people to be vocal about the things that concern them," says Jay Lopatin from Be Wise. "We were very happy to hear that Bona Life has appointed a new president and that he is fully committed to improving the services they offer . We look forward to hearing how community

members feel about the changes."

Be Wise, meanwhile, is encouraging people to leave reviews about Bona Life Ambulance so that Bona Life Ambulance and new riders can better learn how customers view them. Reviews can be written and seen regarding Bona Life Ambulance at <https://www.b-yy.com/bona-life-ambulance>.

Peter Siskin will now oversee the operation of a fleet of basic life support ambulances and wheelchair vehicles, and the services to patients and health care facilities throughout New Jersey. Full details about the company can be obtained through <http://www.bonalifeambulance.com/>. Siskin is committed to the company's promise of always being safe, reliable and on time, which are the three most important things when it comes to the immediate and acute health needs of individuals.

"We strive to be the best ambulance and wheelchair transport service in New Jersey," says Peter Siskin. "After my appointment as president, I have already implemented a number of specific changes to improve the quality and reliability of our service."

Bona Life Ambulance is available around the clock. They provide all types of vehicle transportation, including for organ delivery, dialysis treatment, hospital discharge, nursing care appointments and more. Additionally, they work closely together to support various health care providers across the state. This makes them a trusted and reliable provider.
