

## **Roofing Contractor Now Serving Windermere, Florida With Gutter Installation & Maintenance**

*March 15, 2023*

March 15, 2023 - PRESSADVANTAGE -

Mighty Dog Roofing of Windermere, Florida is inviting the neighborhood to use their gutter services. Along with other services designed to give customers more control over the exterior of their homes, the business has been offering high-quality roofing services in Windermere and elsewhere in the United States for more than 20 years.

According to Troy Peterson of the Mighty Dog team, "Most people have the misconception that gutters are merely functional and that there is nothing more to it. That is untrue. Gutters can serve a purpose while also making you the envy of your neighborhood. The Mighty Dog team is who you need if you want top-notch gutters. From seamless aluminum gutters with baked-on enamel finishes to custom copper gutters and downspouts, we can install the gutter that best suits your needs. Although it is entirely up to you, our Mighty Dog Pledge offers you peace of mind by guaranteeing that we will safely and effectively move rainwater from the exterior of your home while also giving it a pleasing appearance. Windermere's Mighty Dog team is capable of installing seamless gutter systems that are strong, dependable,

and aesthetically pleasing. The company claims that this approach is both the most economical and reliable option, with a lower risk of leaks due to poor maintenance or breakage. In order to best assist homeowners in selecting a gutter system that will last for many years, the company works with them to examine the number of gutters and the layout of the gutters.

The business installs seamless aluminum gutters in sizes 5 and 6. The company will discuss the benefits of each size, taking into account a variety of factors (even though the majority of homes will use a 5" gutter). In addition to the gutter type, other factors to consider include the roof's age and the climate. The seamless gutters will be fitted to the customer's specifications and installed the same day by the Mighty Dog team. In order to make sure that every detail is exactly how the homeowner envisions it, they also offer a wide variety of colors for the gutters and downspouts. In addition to gutter installations and replacements, the company also provides gutter repairs. Following an inspection, common repairs include tightening loose corners, securing sagging or pulling gutters back to the fascia board, caulking to fix dripping or leaking gutters, redirecting downspouts to change the flow of water, and other maintenance and repairs the system may require to prolong its life.

According to Peterson, "Our Mighty Dog exterior professionals will give your gutter system a full check-up using our detailed 25-Point Inspection that ensures that no aspect of your gutter system is overlooked. Our team will thoroughly evaluate your gutter requirements and the state of your current system to determine whether any repairs or improvements are necessary. We'll take a look at the bigger picture surrounding your house to see if there are any potential problems, like nearby trees or any drainage problems we notice near your foundation."

Numerous customers across the nation have praised Mighty Dog for the variety of services they offer. Perfect 5-Star reviews can be found for many of the business's branches. Paula Randall claims that the service she received from the Metro West Boston branch was, "Super fast. In a single day, the roof was finished. Excellent communication between the owner and sales team. Nothing was kept a secret from me. Received a discount on materials that were not used. I wholeheartedly endorse Mighty Dog Roofing if you're looking for a trustworthy, effective, and reasonably priced roofing company."

Customers may visit Mighty Dog Roofing's website if they are interested in finding out more about the variety of services they offer or about the Knoxville roofing company in general. They can also reach Troy Peterson by phone or email. Mighty Dog Roofing similarly welcomes customers that reach out through social media.
