

Roofing Contractor Serving Tobyhanna Pennsylvania Announces It Does Much More than Just Roof Repairs

March 13, 2023

March 13, 2023 - PRESSADVANTAGE -

Tobyhanna-based Mighty Dog Roofing is a Northeastern Pennsylvania company that has established a very good reputation when it comes to doing residential and commercial roofing work. Much of this is due to the fact the company only uses quality roofing products, does quality roofing work with an eye for detail, and treats customers the right way while meeting and exceeding their roofing needs. While the company is well-known for its roof repair work, a company representative also wanted to talk more about the other Northeastern Pennsylvania roofing services that it offers. The representative stated, "While it's true that our roof repair and whole roof replacement services are very popular, that certainly is not the only type of services that we at Mighty Dog Roofing offer. Many people are somewhat surprised when they find out that we can perform a wide variety of roofing tasks for them. Some of our customers that have experienced many of the different types of roofing work that we do even think of us as a Jack of all trades when it comes to repairs and other matters pertaining to roofs."

He went on to talk about some of the other roofing tasks that the company does. Services that include roof inspection. Mighty Dog's roof inspections are known to be very thorough and honest and this also leads to the generation of accurate estimates with no hidden costs at the end of a roofing project. During these

inspections, one of their other roofing specialties attic venting may come too. The company representative says that proper attic venting is very important because it helps avoid premature breakdown of shingles and other roof coverings. They are also one of the Tobyhanna area's most reputable gutter installation, inspection, and repair companies. Something that he stated also includes placing guards over gutters. This does such things as significantly reducing gutter maintenance time and eliminating the need for home and business owners to have to climb up wobbly ladders to periodically perform gutter cleaning. They even excel at some tasks that do not quite reach the rooftop level. This includes installing high-quality replacement windows. Mighty Dog Roofing offers a full line of both premade and custom-measured energy-efficient replacement windows.

The company representative added that of course their roof repair and replacement services certainly should not be overlooked. Especially their whole roof replacement work that can take a dull and worn roof that is leaking and turn it back into a beautiful-looking watertight roof. He also mentioned how customers get much more than just good roofing work when entering into a contract with them for their services. This includes something the company calls its top dog communication as they like to keep their customers informed from the minute a phone call is placed to them until a roofing job is completed. That includes having a 24-hour customer service support team. Customers of Mighty Dog Roofing of Northeastern Pennsylvania can also expect on-time service as a sign of respect for their customers' time and commitment to the company. There is also a promise from the company to clean up after every roofing project is finished along with keeping a customer's property clutter free and safe as work progresses. The company representative stated that best of all, they are a company that is known for always operating with integrity.

Homeowners that have had roof repairs or other roofing concerns addressed by Mighty Dog Roofing of Tobyhanna often praise the complete way the company handled those projects. Megan Spillers proclaimed, "Wonderful service throughout the whole process. Explained everything in detail and was always available to answer any and all questions. Did amazing work and I don't have one thing negative to say about the company. I would highly recommend them to everyone." Those that would like to know more about this roofing contractor serving Tobyhanna Pennsylvania can get in touch with them by phone, email, or by using the contact form that's found on Mighty Dog Roofing's website.
