

Roofing Contractor Serving Southaven Mississippi Receives Five Star Review

March 08, 2023

March 08, 2023 - PRESSADVANTAGE -

Mighty Dog Roofing, based in Southaven, MS, is proud to announce that they have received a five star review from a satisfied customer. This is a locally owned and operated residential and commercial roofing contractor that offers a range of services in Southaven and surrounding areas in Southeast Memphis, including roof inspection, roof installation, roof repair, attic venting, gutter installation, gutter inspection, and more.

In the above-mentioned review, Mike S. says, "The crew showed up on early in the morning and worked until after dark to get the roof on our house and detached garage replaced. They cleaned up most of the debris that day and returned the next morning to finish up. The end product looks great and I would not hesitate to use them again or recommend them to family and friends."

Mighty Dog Roofing offers residential and commercial roofing services in the Southaven Mississippi area, which is found in Southeast Memphis. Southaven is a principal city in Greater Memphis and is only 6 miles to the Memphis International Airport. One of the major features of the roofing services provided by Mighty Dog Roofing of Southeast Memphis is their Drone Sky View, which is a drone-assisted inspection, which is

preferred by real estate agents because it provides objective information about the condition of the roof and other exterior parts of the home before making a sale. This report is also approved by insurance companies during claims processing.

The Mighty Dog Roofing inspection will examine 25 elements. These include: inspection of gutter aprons; inspection of valleys; inspection of skylights; chimney inspection; inspection of step and counter flashing; eaves and rakes inspection; inspection of storm damage caused by the wind; hip and ridge inspection; roof edging inspection; aircon unit exterior inspection; inspection of roof sheathing or decking; soffits and fascia inspection; attic inspection; gutters inspection; plumbing stack inspection; ventilation inspection; inspection of furnace caps and pipes; window inspection; drip edge inspection; inspection of siding; downspouts inspection; nail head inspection; inspection of storm damage caused by hail; foundation drainage inspection; and roof ventilation and exhaust system inspection.

Another key feature of the roofing services provided by Mighty Dog Roofing is the Customer Vault, which is a personal vault for each client. The information to be stored in the Customer Vault is the initial drone-assisted inspection report, pictures, reports, warranties, products used, etc. This makes it easy for both Mighty Dog Roofing and the client to get the necessary information whenever there is a project to be done for the client.

Mighty Dog Roofing also offers the Watchdog Maintenance service, which involves yearly inspections. These are done to ensure that any developing issues are caught as soon as possible so that the proper fix or repair can be done to prevent the problem from getting worse and become a serious problem that requires an expensive repair.

They also provide the Curb Appeal Visualizer, which is a software tool that can be run on a smartphone and allow the homeowner to easily visualize what the home would look like when a certain color or material for the roof is used. Thus, even as early as the planning stage, the client is already certain on how the house would look after the project is completed. This software tool makes it very easy and convenient to choose various details, such as the color and the material to be used.

Mighty Dog Roofing of Southeast Memphis is locally owned and operated by George Vasquez. He has a team of roofing experts who provide a high level of quality, sophistication, and an emphasis on customer service to the client's community and neighborhood. All of their projects are done by experience and certified roofing experts and they always apply an advanced and technologically-centric approach to roofing that includes drone-assisted inspections and other innovative tools.

Those who are looking for a roofing contractor serving Southaven Mississippi can visit the Mighty Dog

Roofing website or contact them through the telephone. They are open 7:00 am to 8:00 pm, every day of the week.
