

Mittagong Dentist Offers Emergency Dental Treatments at Tulip Smile

March 16, 2023

March 16, 2023 - PRESSADVANTAGE -

Tulip Smile, a dental practice in Mittagong, NSW, has announced that it now offers emergency dental treatments for patients who require urgent dental care.

According to the Australian Institute of Health and Welfare, dental emergencies are a common reason for hospital admissions in the country, with over 70,000 dental-related hospitalizations reported in 2017-18. Dental emergencies can happen at any time and cause debilitating pain and discomfort. To help Mittagong residents facing emergencies get the help they need, fast and affordably, Tulip Smile has assembled a high-performing team of experienced dentists and dental hygienists.

“At Tulip Smile, we are committed to ensuring that our patients receive prompt and effective emergency dental care,” says Dr. Raj Tomar. “We understand how dental pain can wreak havoc on your life. Toothaches can throw your entire planned daily schedule into a frenzy, sap your focus, decimate your productivity, and prevent you from being able to relax after a hard day’s work. Thankfully, our patients in Mittagong and nearby areas can take heart knowing that their favorite dentistry now offers them the emergency services they need. We have invested in state-of-the-art equipment and technology to provide fast and accurate diagnoses and treatments. If you are struggling, call us to schedule an emergency consultation and let us remedy your pain.”

Tulip Smile’s emergency dental services include treatment for aching, broken, or dislodged teeth, bleeding, or severed gums, cracked veneers and fixtures, lost fillings, and other dental emergencies. The clinic offers several emergency dentistry and restoration treatment options including pain relief medication, root canals, extractions, fillings, and crowns. Apart from emergency dentistry, the clinic also offers cosmetic dentistry, sedation dentistry, dental implants, and children’s dentistry and more.

Dr. Raj talks about the clinic’s methodology by saying, “We assess our patients’ conditions in detail to

identify the root cause of their dental emergency. Our diagnosis includes a thorough review of their medical history, X-rays, and more. Following treatment, we educate our patients on good oral hygiene, offer them regular check-ups, and recommend personalized preventive care plans to make them proactive participants in their own recovery.?

The team of dental professionals at Tulip Smile is available to provide emergency dental treatments outside of regular business hours, including evenings and weekends. Since, according to the Australian Dental Association, dental emergencies can occur at any time, it's important to seek treatment as soon as possible to prevent further complications. To ensure that patients receive the care they need when they need it the most, Tulip Smile welcomes patients to call its office at (02) 4872 2186 right away.

According to the Australian Institute of Health and Welfare, approximately one-third of Australian adults avoid or delay dental care due to cost or other factors. To deliver on its commitment to provide affordable and accessible dental care, Tulip Smile provides patients with health funds, including Medibank, HCF, and Westfund. Patients can rest assured that they will be financially covered for specific dental treatments and procedures they need. The clinic also offers bulk-billing through the Child Dental Benefit Scheme from Medicare and DVA.

The team at Tulip Smile has been repeatedly praised by Mittagong residents for its friendly staff, professional dental services, and helpful customer service. One review on its Google Business Profile, where it has a perfect 5.0 out of 5.0 rating, says, "What a great team. Dr. Lovedeesh, Ebony, and Tanisha. From the moment you walk in the door, you are made to feel part of the team and the dental service is second to none. Five fillings plus rebuilding both top and bottom teeth was a painless experience with the utmost devotion by all team members to make you feel relaxed and comfortable during all procedures. I highly recommend this dental practice.?"
