

Roofing Contractor Serving Webster Texas Earns Highly Positive Review

March 10, 2023

March 10, 2023 - PRESSADVANTAGE -

Mighty Dog Roofing, based in Webster, TX, is proud to announce they have received a five star customer review. This company is a locally owned and operated residential and commercial roofing contractor with over 20 years of experience serving Webster and neighboring areas. Aside from roof inspection, roof installation, and roof repair, they also offer attic venting, gutter installation, and gutter inspection.

In the above-mentioned five star review, Jennifer K. said, "Highly recommend Mighty Dog Roofing! Stephen was very professional and understood all my concerns with my roof. I spoke to many roofing companies and chose MDR because not only price and quality, but the reassurance that if I had any future problems they are only a call away. I also loved that in one year they will come back to my home and do a roof inspection to make sure it is still in great condition. Again if your looking for a roof company, look no further. A+ service. Thank you again MDR.?"

One of their technology-centric approaches is the Drone Sky View, which allows a non-biased and objective reporting of the inspection of the roof and home's exterior parts. When conducting an inspection, they will take a look at 25 items. These include: drip edge inspection; inspection of valleys; inspection of skylights; nail

head inspection; inspection of step and counter flashing; eaves and rakes inspection; roof ventilation and exhaust system inspection; hip and ridge inspection; roof edging inspection; inspection of gutter aprons; inspection of roof sheathing or decking; soffits and fascia inspection; chimney inspection; gutters inspection; plumbing stack inspection; inspection of storm damage caused by the wind; inspection of furnace caps and pipes; window inspection; aircon unit exterior inspection; inspection of siding; downspouts inspection; attic inspection; inspection of storm damage caused by hail; foundation drainage inspection; and ventilation inspection.

Mighty Dog Roofing of Houston Gulf Coast, based in Webster, TX, is locally owned and operated by James Smyth, who is a native of Houston and currently lives in Tiki Island, TX. All of the roofing and home improvement projects they undertake are manned by experienced and certified experts, and they provide a technologically-centric and cutting edge approach to roofing that includes drone-assisted inspections. James Smyth says, "We're happy to say that we're bringing a high level of sophistication, quality, and an emphasis on customer service into your community and neighborhood."

In addition to Drone Sky View, they also provide the Customer Vault, which is provided for each client to serve as a personal vault containing relevant information about the condition of the roof and other exterior parts of the home. The Customer Vault will contain the inspection reports, photographs, products used, services provided, warranties, etc.

Mighty Dog Roof also provides the Watchdog Maintenance service, which was mentioned by Jennifer K. in her five star review. This service includes annual inspections of the roof and other parts of the home's exterior. This is to make sure that any developing problems are detected as early as possible and then provided with the appropriate fix to avoid more serious problems in the future that would be more costly to repair. The annual inspection reports will also be compared to detect the trend on the roof's condition and provide a good estimate of how long the roof will last to ensure the homeowner is prepared for the roof replacement in the future.

Also available from Mighty Dog Roofing is the Curb Appeal Visualizer, which is a software tool that allows the homeowner to visualize how the home would look when using a particular color or roofing material. This enables the homeowner to see if a particular project will provide the desired curb appeal for the home even before the project is started. The homeowner will also be able to determine the project will provide the desired look of the home according to their personal preferences.

Those who require a roofing contractor serving Webster Texas can check out the Mighty Dog Roofing website or contact them on the telephone. They are open 24 hours a day, every day of the week.
