D.I. Auto Care Provides Expert Cigarette Smoke Removal for Cars in Phoenix

March 07, 2023

Phoenix, Arizona - March 07, 2023 -
D.I. Auto Care, based in Phoenix, Arizona, has revealed that when looking for cigarette smoke smell removal Phoenix car owners can expect this to be included with the mobile detailing service that the company offers in the Ahwatukee Phoenix area. As part of the auto detailing service provided by the company, they also offer interior detailing, which means deep cleaning of the entire interior of the vehicle. And in addition to car detailing, they also offer auto glass windshield repair or replacement, window tinting, and ceramic paint protection coating. They can offer detailing services for a wide range of motor vehicles, including cars, planes, recreational vehicles, trucks, high-performance cars, boats, and motor coaches.

Paul, a spokesperson from D.I. Auto Care, says, ?We offer mobile detailing services to car owners in Ahwatukee and surrounding areas and take note that this includes removal of the smoke smell in the interior of the car. Please visit our website to learn more about our wide range of services. Among many other things, we can help in increasing the resale value or your car, preserving the paint condition of the car, restoring interior seats and carpets, removing light scratches, making the car clean and shiny, engine detailing, providing ceramic paint protection, cleaning and conditioning of the leather, and getting rid of smoke smell in the interior.?

Smoke Smell Removal

For those who want to remove smoke smell from car Ahwatukee car owners can rely on the auto detailing services of D.I. Auto Care, particularly their interior detailing service. When doing the interior detailing, the professionals at D.I. Auto Care will perform deep cleaning for all parts of the interior cabin. This service will include the cleaning of various types of materials inside the car, such as synthetic carpet upholstery, vinyl, leather, plastics, carbon fiber composites, and natural fibers. They will also clean and vacuum the car interior, and this involves steam cleaning and the use of brushes, and foam and liquid chemicals. All nonporous surfaces in the interior will also be cleaned and polished. All of these cleaning processes will be able to

eliminate the smoke smell inside the car.

D.I. Auto Care also offers ceramic paint protection where they provide a ceramic coating for the car. This has a number of benefits, including the car remaining clean for a longer period of time and ease of getting rid of bugs and water spots; ability to make the car look like new for many years; ability of ceramic coatings to outlast other types of coatings; savings from not having to clean or wash the car often; having a scratch resistant car surface; protection of the car?s surface so that it will remain shiny and sleek; and ability of the paint coating to better withstand the elements.

They also provide window tint installation or removal for cars, offices and homes. Window tinting offers several advantages, such as prevention of the glass windshield from shattering in dangerous little pieces; prevention of harmful UV rays from getting inside the car or home or office; increased privacy; up to 50 percent reduction in cooling expenses; reduction of heat inside the car, home or office; and blocking of 99 percent of both UVA and UVB rays that can cause cancer. The window film on the glass may also be able to prevent the window glass from breaking and showering bits of glass inside the car when something breaks the car window like a car crash. The window film will hold together the bits of glass, with the result that glass bits are prevented from hitting people inside the car and possibly causing injuries.

D.I. Auto Care also provides auto glass windshield replacement and repair. Defects in the windshield may not appear to be a serious problem for some people but these can have the effect of reducing visibility, especially when driving at night and when driving into the sun.

When searching for a smoke odor eliminator Ahwatukee or Phoenix car owners may want to visit the D.I. Auto Care website or contact them on the telephone or through email. They are open from Monday to Sunday, from 5:00 am to 10:00 pm.
