

Belmont Dental Introduces Kids Dentistry Services in Perth

March 08, 2023

March 08, 2023 - PRESSADVANTAGE -

Belmont Dental Surgery, a leading dental practice in Perth, Western Australia, is excited to announce the addition of Kids Dentistry services to their extensive list of dental treatments. The Kids Dentistry services offered by the clinic focus on preventive care, routine checkups, teeth cleanings, fillings, sealants, stainless steel crowns, and endodontic care.

"Oral health is an important aspect of overall health, and it's crucial to start early with kids' dental care. Belmont Dental is thrilled to offer specialised dental services for children, and the goal is to create a positive and comfortable experience for every young patient who walks through the doors," said Dr Kent Tan, Principal of Belmont Dental Surgery.

Kids dentistry is a branch of dentistry that deals with children's oral health, including diagnosing, treating, and preventing dental problems in children from birth to adolescence. It covers a wide range of topics such as dental caries, gum issues, oral trauma, and preventative dentistry. Good oral health habits developed early in life can last a lifetime and help children maintain proper speech development and healthy jaw and teeth.

?Kids dentistry is an essential part of overall kids' health, and the team wants to make it accessible and comfortable for all children. At Belmont Dental Surgery, Belmont Dental has a team of experienced and dedicated dental professionals who are passionate about working with children to ensure their dental health,? said Dr Kent Tan.

Belmont Dental Surgery - Kids Dentist Perth is committed to providing high-quality dental care to patients of all ages, including children. The clinic uses state-of-the-art technology and equipment to ensure that every treatment is efficient and effective. The dental team at Belmont takes a gentle approach to treating children and works to create a calm and reassuring environment to make them feel at ease.

?Belmont Dental understands that children may feel anxious or scared about visiting the dentist, and the team wants to make every visit a positive and comfortable experience. The team takes the time to explain dental procedures to kids and answer any questions they may have, and Belmont Dental is committed to providing the best dental care possible,? said Dr Kent Tan.

Belmont Dental Surgery is a QIP-accredited dental practice that provides high-quality general and cosmetic dentistry in a friendly and relaxed environment. The clinic is fitted out to a high standard and has digital x-rays and OPG for increased patient safety and convenience. The clinic is conveniently located at 171 Belmont Avenue, not far from the Belmont Forum shopping centre, with ample parking at the rear of the building.

Belmont Dental Surgery was originally owned and operated by Dr Ben Campbell since 2000, and the practice has been built on providing high-quality general dentistry in a friendly relaxed environment. The clinic has a friendly team that strives to create a good working relationship between patients and their dentists, ultimately benefiting their oral and general health.

?Belmont Dental Surgery is excited to introduce the Kids Dentistry services to Perth, and the team invites parents to bring their children in for a checkup and experience the high-quality dental care for themselves,? said Dr Kent Tan.

Belmont Dental Surgery is located at 171 Belmont Avenue, Belmont WA 6104, and can be reached at (08) 9277 3837 or via email at info@belmontdental.com.au
