

Roofing Contractor Serving Durham North Carolina Gets Highly Positive Reviews

March 10, 2023

March 10, 2023 - PRESSADVANTAGE -

Mighty Dog Roofing, based in Durham, NC, is happy to announce they have received five star customer reviews. This is a locally owned and operated roofing contractor providing various kinds of roofing and other home exterior improvement services in Durham and neighboring areas. These include roof inspection, roof repair, roof installation, attic venting, gutter inspection, and gutter installation.

In the above-mentioned five star customer review, Natalie O. said, "I have loved doing business with this company. I had a terrible experience with the last roofing company. I had come out to do an estimate and have nothing but good things to say about Steve and Mighty Dog. They are so prompt and communicative and did a great job working with me and my insurance. The roof looks great and I'm very happy with the service I received."

A distinctive factor about the Mighty Dog Roofing service is their use of technology to provide a much better customer service. For instance, they provide the Drone Sky View, which is a drone-assisted inspection of the roof and other parts of the home's exterior. The 25-point inspection to be performed will include: ventilation inspection; inspection of valleys; inspection of skylights; drip edge inspection; inspection of step and counter

flashing; eaves and rakes inspection; nail head inspection; hip and ridge inspection; roof edging inspection; roof ventilation and exhaust system inspection; inspection of roof sheathing or decking; soffits and fascia inspection; inspection of gutter aprons; gutters inspection; plumbing stack inspection; chimney inspection; inspection of furnace caps and pipes; window inspection; attic inspection; inspection of storm damage caused by the wind; inspection of siding; downspouts inspection; aircon unit exterior inspection; inspection of storm damage caused by hail; foundation drainage inspection.

Mighty Dog Roofing of Durham is locally owned and operated by David Ludington, whose family moved to Durham, North Carolina, when he was still a child. As a result, he has developed deep connections with the Durham community. He obtained an IT degree from East Carolina University and he has led global teams of engineers during the past nine years. He is now leveraging his experience as a business leader and his passion for providing the best possible customer experience and support in his leadership role at Mighty Dog Roofing.

Aside from the drone-assisted inspection, Mighty Dog Roofing can also provide the Watchdog Maintenance service, which consists of yearly inspections of the roof and other parts of the exterior of the home. This will make sure that developing problems can be caught as early as possible and provided with the necessary remedies. This is to prevent these minor issues from growing worse and become serious problems that may require expensive repairs in the future. These yearly inspections will be compared to detect the trend about the roof's condition and more. This allows them to project how long the roof may last and enables the homeowner to be prepared when comes the time to have the roof replaced or repaired.

Also available from Mighty Dog Roofing is the Curb Appeal Visualizer software tool. This app can run on a smartphone or tablet and it allows the homeowner to visualize how the home would look like when using a particular color or roofing material. This makes it easy and convenient for the homeowner to decide on the color, roofing materials, etc. even before the project is started.

Furthermore, Mighty Dog Roofing also provides the Customer Vault, which is a kind of personal vault where relevant information for each client is stored. For instance, the inspection report is kept in the Customer Vault for easy reference for both Mighty Dog Roofing and the homeowner. This personal vault will contain photos, reports, products used, warranties, and more, which are all pertinent information as to the condition of the roof of a particular client.

Those who need the services of a roofing contractor serving Durham North Carolina can visit the Mighty Dog Roofing website or contact them on the telephone. They are open from 7:00 am to 8:00 pm, every day of the week.
