March 13, 2023 - PRESSADVANTAGE -

Mighty Dog Roofing, based in North Charleston, SC, wants to point out that they are offering a 25 point free inspection for homeowners and other property owners in North Charleston and surrounding areas. Aside from roof inspection, Mighty Dog Roofing also provides roof repair, roof installation, gutter installation, gutter inspection, and attic venting. They provide free roof inspections for both residential and commercial buildings in North Charleston and nearby areas.

The Mighty Dog Roofing drone-assisted inspection, which is called Drone Superscan, differentiates itself from other roofing services companies. This 25-point inspection will include: inspection of valleys; inspection of skylights; ventilation inspection; inspection of step and counter flashing; eaves and rakes inspection; drip edge inspection; hip and ridge inspection; roof edging inspection; nail head inspection; inspection of roof sheathing or decking; soffits and fascia inspection; inspection of gutter aprons; roof ventilation and exhaust system inspection; plumbing stack inspection; chimney inspection; gutters inspection; window inspection; attic inspection; inspection of furnace caps and pipes; inspection of siding; downspouts inspection; inspection of storm damage caused by the wind; inspection of storm damage caused by hail; foundation drainage inspection; and aircon unit exterior inspection; and inspection of step counter flashing.

What makes the drone-assisted inspection stand out is not just the use of technology. It offers accurate and trustworthy data about the condition of the home and other home exterior parts. They provide credible, verifiable, objective inspection information through smart intelligence analytics. This 25-point inspection establishes the baseline health of the customer's roof. The inspection report is accepted by insurance companies and preferred by real estate agents because they can provide prospective buyers a credible report of the condition of the home before making a sale.

Mighty Dog Roofing of Charleston is locally owned and operated by Dallas Shults, who grew up in Lexington, SC, and graduated from The Citadel. Later on, he and his family decided to move to Charleston. After noting the various deficiencies of the home services industry in North Charleston, Dallas established a mission for the company of becoming an industry changer. He seeks to lead with integrity, provide excellent customer service, and continuously finding innovative ways provide support for homeowners in the Lowcountry community.

All of the information obtained in the drone-assisted inspection will be kept in the Mighty Dog Roofing's Customer Vault, which is a personal vault for keep information about the client's roof and other home exterior parts. To be included in the Customer Vault are a baseline of the health of the home's exterior, photos, videos, inspection reports, repair records, projects completed, products used, warranties, manufacturer information, insurance information, annual reminders, and more. The information stored in this personal vault can also be used in claims processing.

Mighty Dog Roofing also offers the Watchdog Maintenance service, which involves annual inspections of the roof and other home exterior parts. This is designed to detect even minor problems that may develop into serious issues that will be expensive to repair in the future. Comparisons of the yearly inspections will also be performed, which will allow the roofing expert to make a projection as to the remaining life of the roof, which allows the homeowner or property owner to prepare for the roof repair or roof replacement in the future. They can help assure that the homeowner will get the most life out of the roofing system.

Mighty dog Roofing also provides the Curb Appeal Visualizer software tool, which can run on the smartphone or any mobile device. It allows the client to visualize or see what the home would look like when a particular or roofing material is used. In short, this visualizer tool allows the homeowner to choose the specific color, roofing material, roof style, siding, and other details before the project is started.
