"My son and I missed our connection in Denver to Steamboat Springs due to a flight delay," says one Yelp review of the company from a customer named Carolyn. "At a moment's notice, Centennial Limousine had a car available to drive us three hours to Steamboat at 10 pm. Our luggage was delayed in getting to us, but the driver was very kind and waited patiently for us. We had an excellent experience and will use this company again in the future!"

Another review from Catherine B. states, "Great car service, always on time and friendly! The cars are comfortable and clean. I made my reservation online, and it was very easy. I had an email confirmation within

a few minutes. The process couldn't have been easier. The day of my trip, they sent me another email giving me my driver's information.?

The company supplies limos, party buses and charter buses and has been in the business since 1996. The company is dedicated to providing first class service to all their VIP and corporate clients.
