Tactical Flashlight Found To Be Beneficial For Vehicles In Emergency Situations

December 15, 2015

December 15, 2015 -
Perfectly Vivid, a business in Coronado, CA, has revealed that they were recently contacted by a customer who wanted to inform them that their tactical flashlight was a true lifesaver. The customer had suffered a vehicle emergency at night and was stranded. It enabled her to remain safe while changing her tire. The company was incredibly happy to hear that their product had been so helpful.

The founder of the company, Dr. Christopher Vogelmann, has stated: "While we don't wish any kind of emergency on anybody, it is good to hear that our tactical flashlight was able to help someone out in such a situation. We believe it to be perfect for vehicle emergencies, whether people have a flat tire, have dropped their keys or have any other issue. Designed to provide a ray of light in the dark, it certainly is a lifesaver."

The flashlight has been designed to be small and compact, but reliable. It is made from a high quality aircraft grade aluminum. In fact, the company has tested the flashlight's durability by literally running it over with a truck, and it was found to still work after the ordeal. This is also why it is backed by a lifetime warranty and a 100% money back guarantee. Full details are available through the company's website on http://perfectlyvivid.com/.

The roads in this country are often long and solitary, and being stranded along one of those roads in the middle of the night can be a true nightmare, as well as very unsafe. "I couldn't believe it when I heard the bang and started swerving on the road," says Marie Carlton. "It was the middle of the night and I was in the middle of nowhere. Thankfully, I had my Perfectly Vivid tactical flashlight with me. I positioned some rocks next to the blown tire so that I had enough light to see what I was doing, and I was able to change the tire very quickly. I wouldn't like to think what would have happened had I been stranded there in the dark all night."

Customers are also encouraged to give the company's Facebook page a 'Like' through https://www.facebook.com/perfectlyvivid/?fref=ts&ref=br_tf and to share their own stories.
