

Towson Roofing Pros Uses Pinterest to Offer Free Roofing Estimates in Cockeysville

March 20, 2023

March 20, 2023 - PRESSADVANTAGE -

Towson Roofing Pros, a roofing company in Towson, MD, has recently stepped up activities on Pinterest and has informed homeowners in the Cockeysville area that they are offering free roofing estimates in Cockeysville and nearby areas. Cockeysville is just 6 miles away from Towson. It is located in Baltimore County and is one of the best places to live in Maryland. It provides a combination of urban and suburban feel and it has a lot of parks, restaurants, and coffee shops.

Their service areas in the Baltimore area, include Towson, Cockeysville, Parkville, Hampton, Lutherville-Timonium, Owings Mills, Brooklandville, Carney, Yorktown, Carney, Pikesville, the greater Baltimore area, and Reisterstown.

A spokesperson for Towson Roofing Pros says, "Don't wait until your roof starts leaking to get a free estimate. Towson Roofing Pros can help you choose the right shingles for your home and give you a free estimate so you can budget for the project. We're not just roofers... We're neighbors, friends, family and

Towson natives. When you hire Towson Roofing Pros to replace your roof, you're hiring a team of dedicated professionals who care about their reputation because to them it's not just a jobsite, it's home.

The spokesperson adds, "Call us to get a roof replacement estimate. After giving us a call we will set up a time for our estimator to visit your home. We will answer all of your questions and make sure you understand the type of work that we can provide. We then get to work measuring the roof and making a detailed plan for the installation of your new asphalt shingle roof, metal roof or other materials."

After determining the estimate for a client, they will present a written proposal to the client and this will include the various details about the tasks to be performed, materials to be used, and rates for labor and installation. If the client consents to the written proposal, Towson Roofing Pros will inquire about the client's preferred schedule and proceed with the project and get it done quickly.

One of the key components of any roofing project is the roof installation. The Towson Roofing Pros team of roofing experts are all properly trained and experienced in the latest methods and techniques for metal roofs or asphalt shingle roofs. They carefully get rid of any debris from the property before starting work and then also clean up after the project has been completed.

They frequently provide for asphalt shingle roof installation in the Baltimore area because asphalt shingles have been becoming more popular for both residential and commercial properties. The reason for its rising popularity is its durability with asphalt shingles outlasting many other alternatives, including cedar and wood. Asphalt shingles also have less environmental impact compared to other types of roofing. Asphalt roofing can also withstand severe climate conditions, such as heavy snow piled up on the roof, wind speeds of up to 130 mph, and hurricanes.

There are various styles for asphalt shingle roofs, such as laminated shingles, three-tab shingles, and architectural shingles. They will work closely with the client to determine the appropriate asphalt shingles to use and also the colors and patterns of asphalt roofing to be used.

Launched in 2005, Towson Roofing Pros is a Baltimore roofing company with a wide range of roofing services for both residential and commercial buildings. They offer free estimates for all of their roofing services. When requested for an estimate, they will go to the home or property, and they will inspect and make measurements on the roof and come up with a detailed plan for the replacement or repair of the roof. They will send a written proposal to the customer, which will include details of the various tasks that need to be done, the roofing materials, and the expenses for labor and installation or repair. Once the customer consents to the proposal, they will prepare for launching the roofing project.

Those who need roof replacement services in Cockeysville and other areas in Baltimore can visit the Towson Roofing Pros website or contact them on the phone. They are open from 8:00 am to 6:00 pm, from Monday to Friday.
