

Bling Premier Lighting Is Beachwood Ohio's Premier Outdoor Lighting Company

March 22, 2023

March 22, 2023 - PRESSADVANTAGE -

Bling Premier Lighting of Beachwood is helping Ohio residents celebrate the holidays or mark any special event on the calendar with attractive and affordable outdoor lighting installations.

Bling's lighting installation services can adorn any property, large or small, residential or commercial. The company's services can be broadly classified into landscape and patio lighting, permanent outdoor lighting, event lighting, holiday lighting, and commercial lighting. Its lighting options include low-voltage LED lighting, residential lighting, dock lighting, landscape lighting, string lighting, deck outdoor living lighting, patio chandeliers, accent lights, accessibility lighting, path lights, and more.

The Northeast Cleveland Bling franchise is owned and operated by Denise Lechak, an Auburn Township native who shares Bling's focus on community. She holds a Bachelor of Science in Health with a minor in Business from Ohio University and has spent 10 years with Kenston Local Schools in many different roles. Working with Bling is Denise's way of giving back to the community that she has called home for the last 47 years.

“My work with children inspired me to create a world that any child, teen, or adult can find joy in,” Denise says. “Festivals, special occasions, family gatherings, neighborhood get-togethers – these are the moments when we come together as one to find out what it truly means to be human, to have relationships, to have someone to count on, to engage in a shared legacy. With Blingle, I get a chance to light up these cherished memories so that when these children grow up, they have moments in their life that they can look back fondly on and feel proud of being American.”

Beachwood residents haven’t held back in recommending the services offered by Blingle Premier Lighting as its Google Business Profile has a perfect 5.0 out of 5.0 overall rating. Customers thank the company for the quick and easy installations, the responsive customer service, the professionalism of the staff, and the beautiful lighting designs.

One reviewer says, “What I loved even more than how great the house looked was that we didn’t lift a finger to make all the awesomeness happen! Worth every Penny to NOT spend several weekends putting it all up and taking it all down! We were able to spend quality family time around this precious season instead of countless hours and frustration making it happen! Thank you Blingle for helping us achieve our holiday goals!”

Another customer talks about how their neighbors reacted to Blingle’s work by saying, “Loved the design Aron created for our backyard; we have gotten so many compliments. It’s amazing how much difference good lighting makes. Oh, and install went smoothly and the customer service was great! Will be back for our front path lighting!”

The secret behind Blingle’s exceptional customer experience is its simple and guided 7-step process that uses the best in technology and design. In an in-person or virtual appointment, Blingle can showcase how its finished installation will look by recreating the customer’s property in a 3D environment using actual site photos. The dedicated lighting designer then helps clients customize the installation to their heart’s delight until it exactly matches their vision.

After the contract is drafted, Blingle wastes no time in scheduling its technicians to visit the client’s site either immediately or in time for the holiday or event. Homeowners don’t have to be present while the installation crew fulfills the term of the proposal. Moreover, due to the workmanship and product warranties that Blingle offers, clients can always reach out to the company if any part of the installation doesn’t work as expected. The company prides itself on its customer service and will troubleshoot and fix any issues without any additional charge to the client.

Beachwood Ohio's premier outdoor lighting company can be contacted at (440) 595-3949 for further inquiries about its outdoor lighting installations. Blingle Premier Lighting of Beachwood serves homeowners and business owners in Northeast Cleveland, Aurora, Chagrin Falls, Chesterland, Eastlake, Euclid, Novelty, Solon, Wickliffe, Willoughby, and other nearby communities.
