

Bling Premier Lighting Is Franklin Tennessee's Premier Outdoor Lighting Company

March 22, 2023

March 22, 2023 - PRESSADVANTAGE -

Bling Premier Lighting is now bringing its high-quality lighting installation expertise to the residents of Franklin, Tennessee, and nearby areas.

The range of services offered by Bling includes landscape and patio lighting, permanent lighting, event lighting, holiday lighting, and lighting for commercial properties. The company has a huge repertoire of hardware solutions for all kinds of terrain and outdoor décor including low voltage LED lighting, string lighting, chandeliers, accent lights, path lights, accessibility lighting, and more.

The Nashville West team of Bling is led by the husband-and-wife duo of Todd and Shannon Lawrence, high-school sweethearts who have called Nashville home for over 9 years. Todd has over 25 years of corporate experience in sales and leadership roles. However, his dedication to the local community is truly seen in his work as a board member of Make-A-Wish Middle Tennessee.

Todd talks about his work at Bling by saying, "I find purpose and joy in bringing dreams to life. My wife, Shannon, shares this dedication and together we make the songwriting capital of the world just as illuminated

as the lovely tunes that are being crafted here by creatives every moment. Whether it is creating a custom lighting design for a live music venue or helping you welcome the holidays in full cheer, Blingle Premier Lighting will be by your side to ensure the installation is just as you imagined and works exactly as expected. Our team of designers and technicians settle for nothing less than complete customer satisfaction.?

A huge part of Blingle?s success in Tennessee and across the country is its 7-step process for lighting design and installation. The company uses state-of-the-art 3D scanning and reconstruction technology to make a digital replica of the client?s property. The model is then used to give customers a demo of how the finished installation will look.

If they are pleased with the results, clients are offered a quote and a written proposal that contains all the details about the lighting installation. The company?s expert crew is then scheduled to visit the property in time for the holiday or special occasion. Simple installations can take a few hours while complex permanent makeovers can take anywhere from a few days to a couple of weeks. Regardless of the size and scope of the job, customers are always protected by Blingle?s industry-leading workmanship and product warranties that promise the resolution of all issues at no additional charge.

Franklin homeowners and businesses have praised Blingle Premier Lighting profusely for its technically impressive lighting installations, the plethora of design options available, the helpful staff, and affordable services. Case in point, on its Google Business Profile, Blingle Premier Lighting of Franklin has a perfect 5.0 out of 5.0 rating.

One recent review commends the company?s flexibility by saying, ?We called very last minute in the season. They were able to give us several light options as well as design options. They came out and were done hanging the lights in NO time. They were extremely neat, you couldn?t see a single wire, and they were programmed perfectly and stayed put for the entire time they were up. When we were ready for them to come down, again here and gone in no time at all. Texted to sign up immediately for the 2023 season!!?

Another reviewer praises the company?s resident Lighting Design Consultant Maddie Lawrence by saying, ?Maddie has been an absolute pleasure to work with on our outdoor lighting project, and we are very excited about our upcoming installation. It?s going to be beautiful and we know the products are durable and come with great warranty backup. A super company to work with!?
