

Expert SEO Consultant Provides Consultation Services on a One-on-One Basis

March 28, 2023

Los Angeles, California - March 28, 2023 - PRESSADVANTAGE -

Schwartzman & Associates, Inc., a digital marketing agency based in Los Angeles, CA, is offering the services of Eric Schwartzman, who is a data-driven expert SEO consultant, online marketer, and the author of online marketing books available on Amazon. He provides search engine optimization consultation one-on-one to business owners and sales and marketing personnel. This company is made up of digital marketing and SEO consultants who have more than 20 years of practical experience in digital marketing initiatives for direct-to-consumer ecommerce, B2B lead generation, banking and finance, technology, media and entertainment companies, the military, defense contractors, and federal government agencies.

The SEO consulting services provided involve: brand search optimization, thought leader search optimization, news search optimization, podcast search optimization, local search optimization, mobile search optimization, image search optimization, video search optimization, technical SEO, content marketing, performance optimization, on-Page SEO, keyword research, online reputation management, website audits, and link building.

Eric Schwartzman says, "My Los Angeles digital marketing agency was created to help clients secure senior-level counsel to grow their online revenue and achieve results through digital marketing campaigns that utilize content marketing, digital PR, social media marketing, and online advertising. If you want to win a top 3 ranking in Google's organic search results for certain keywords, you need expert digital marketing consultants with extensive experience analyzing websites and competitors to accelerate your results. Instead of hiring juniors who learn on your dime, get serious about increasing your revenue and contact us."

Schwartzman & Associates, Inc. is a Los Angeles-based digital marketing agency offering expert SEO consulting services by Eric Schwartzman, an experienced online marketer, data-driven SEO consultant, and author of several best-selling digital marketing books available on Amazon.

The firm is comprised of digital marketing and SEO consultants with over 20 years of practical experience in various industries such as direct-to-consumer ecommerce, B2B lead generation, banking and finance,

technology, media, and entertainment, the military, defense contractors, and federal government agencies.

Schwartzman & Associates provide SEO consulting services that include commerce content search optimization, local search engine optimization, brand search optimization, thought leadership search engine optimization, news search optimization, podcast search optimization, mobile search optimization, image search optimization, video search optimization, technical SEO, content marketing search optimization, performance marketing search engine optimization, On-Page SEO, keyword research, online reputation management, website audits, and Off-Page link building campaigns. They recommend considering the size and experience of an agency and analyzing competitors and website performance to accelerate results.

Eric Schwartzman also offers one-on-one consulting services on web content marketing, digital PR services, social media marketing, and online advertising, including coaching programs for generating leads online, and social media marketing services with AI and natural language processing, social media monitoring, mastering various social platforms, building authority, persuasion, and crafting viral stories, photos, videos, and audio.
