# Temecula Tree Service Pros Takes Urban Forestry to New Heights with Vertical Tree Gardens

*March 20, 2023*

March 20, 2023 -
Temecula, CA - Temecula Tree Service Pros, a leading tree care and maintenance company in Temecula, CA, is revolutionizing urban forestry with its new vertical tree garden program. The innovative concept was created by CEO Marilyn Coleman and is designed to help green cities while beautifying homes and businesses.

?At Temecula Tree Service Pros, we are always striving to think outside the box when it comes to tree care and conservation,? said CEO Marilyn Coleman. ?We are proud of our new vertical tree garden program, which takes the idea of urban forestry to the next level.?

The vertical tree gardens are specially designed planters that can be installed on any wall or fence, indoors or outdoors. They come in various sizes and shapes and are made from sustainably sourced materials. Each vertical tree garden has its own irrigation and nutrient delivery system that ensures the trees get the water and nutrients they need to thrive.

?Our vertical tree gardens provide a space-saving solution for those who don?t have enough land to plant a conventional garden,? said Coleman. ?They allow people to have beautiful, lush trees without taking up valuable real estate. Additionally, they can be easily moved and relocated if needed.?

To see how Temecula Tree Service Pros revolutionizes tree care, visit the company?s website: https://www.riversidetreecare.com/tree-service-temecula.

In addition to providing a unique and space-saving way to enjoy nature, vertical tree gardens offer significant environmental benefits. Trees are important for purifying the air, reducing noise pollution, and cool climates. Homeowners and businesses can help improve air quality and reduce their carbon footprint by installing vertical tree gardens.

Temecula Tree Service Pros provides installation services and ongoing maintenance and care for all vertical tree gardens. This includes trimming, pruning, fertilization, pest control, and more. Their team of experienced professionals is dedicated to ensuring each vertical tree garden stays healthy and grows into a beautiful part of any landscape.

?Our goal is to make it easy for everyone to enjoy the beauty of nature without sacrificing space or convenience,? said Coleman. ?We are passionate about helping our clients create their little oasis in the cityscape and turn their walls or fences into something extraordinary.?
