

Tree Service Experts Long Beach Hosts Tree Climbing Competition to Spread Professional Tree Care Awareness

March 21, 2023

March 21, 2023 -
Long Beach, CA ? Tree Service Experts Long Beach proudly announces the first-ever Tree Climbing Competition for Arborists in the Long Beach area. Hosted by CEO Whidden Carmen, this competition was organized to raise awareness about professional tree care and its importance in keeping communities safe and healthy.

The competition will be held in April to recognize local arborists who have dedicated their lives to the art of tree care. Participants will compete for awards and prizes by performing complex technical climbing challenges that test the skill and knowledge of the competitors. The event is open to all certified arborists in the Long Beach area and is expected to attract many experienced climbers across Southern California.

"Tree Service Experts Long Beach is excited to host this competition. It celebrates the hard work and dedication of arborists in our community and provides an opportunity to educate people about proper tree

care and safety," said Whidden Carmen, CEO of Tree Service Experts Long Beach. "We strongly believe that professional tree care is essential for preserving the beauty and integrity of our city's trees and promoting a safe environment for everyone."

To get a glimpse of all the services Tree Service Experts Long Beach offers, visit the company's website: https://www.thelocaltreeexpert.com/ca/long-beach/.

All participants must follow strict safety protocols while competing, including wearing safety harnesses and helmets. Furthermore, during the competition, they must demonstrate their knowledge of proper tree care and safety practices. The competition is being judged by a panel of industry experts and will feature various challenging obstacles. Competitors will also be tested on their basic tree biology and identification knowledge.

In addition to the competition, there will be educational seminars conducted by certified arborists throughout the day, aimed at educating members of the public about the importance of proper tree care and maintenance. There will also be food vendors, music, and activities for children.

"I encourage all certified arborists in the Long Beach area to participate in this competition," said Carmen. "It will be an exciting day filled with fun activities for everyone involved. But most importantly, it's a great opportunity to spread awareness about professional tree care and its role in preserving our city's green spaces."

Tree Service Experts Long Beach is a full-service tree service company offering many professional tree care services in the Long Beach area. They specialize in pruning and trimming, stump grinding, tree removal, arborist consulting, emergency services, and much more.
