

Tree Service Experts San Bernardino Launches Adopt-A-Tree Program to Support Community Tree Planting

March 21, 2023

March 21, 2023 -

San Bernardino, CA - Tree Service Experts San Bernardino, a leading tree care and service company in the region, has announced the launch of its Adopt-A-Tree program. The program aims to support local communities by providing trees to be planted in public spaces.

The Adopt-A-Tree program is designed to give back to the community by providing trees that can be planted in parks, on sidewalks, or anywhere else where there is a need for more greenery. For every tree adopted, Tree Service Experts San Bernardino will donate some of its profits to a local charity focused on environmental sustainability and green initiatives.

"We are very excited to launch our Adopt-A-Tree program," said Teddy Crosley, CEO of Tree Service Experts San Bernardino. "This is our way of giving back to the community and ensuring we have plenty of green spaces available. Trees not only provide beauty and shade, but they are also essential for helping us

combat the effects of climate change."

The Adopt-A-Tree program offers a variety of tree species, from evergreen trees such as fir, pine, and spruce, to flowering trees such as cherry, magnolia, and dogwood. Trees come in various sizes and can be planted in any location, whether a residential yard or a public park. In addition, each tree comes with detailed instructions on how to best care for and maintain the adopted tree. Information on how Tree Service Experts San Bernardino helps homeowners maintain and care for trees can be gleaned here: <https://www.thelocaltreeexpert.com/ca/san-bernardino/>.

"Our goal is to make adopting a tree easy and straightforward," noted Crosley. "We understand that planting and caring for a tree can seem daunting, so we have created step-by-step instructions that include everything from selecting the right location for your tree to proper watering and mulching. We want everyone to have access to the joys of owning a tree."

Tree Service Experts San Bernardino is committed to ensuring that each adopted tree is properly maintained and cared for throughout its life. They offer complimentary follow-up visits from their team of certified arborists who will provide advice and guidance on proper tree care.

"At Tree Service Experts San Bernardino, we believe in the power of trees to help us create a healthier and more sustainable environment," said Crosley. "That's why we are so passionate about our Adopt-A-Tree program. We hope this program will encourage more people to protect our planet and create a greener future actively."
