

Tree Service Experts Arlington Launches Limited Time Tree Watering and Irrigation Program for Drought-Stricken Areas

March 21, 2023

March 21, 2023 -
Arlington, TX ? Tree Service Experts Arlington is proud to announce their new limited-time tree watering and irrigation program for drought-stricken areas. With summer temperatures rising, this program will help trees stay hydrated and healthy during the hot months ahead.

Tree Service Experts Arlington is dedicated to providing high-quality tree care services to its customers, and this new program will help maintain the health of trees in dry regions. The program includes regular deep watering, trimming dead branches, mulching, and using natural soil amendments to prevent dehydration.

"Trees are essential to our environment, and they need proper care to remain healthy," said Triana Barry, CEO of Tree Service Experts Arlington. "Our goal with this new program is to help protect trees from the effects of drought and give them the best chance at surviving the harsh summer heat."

The importance of properly watering trees cannot be overstated. It is especially critical for trees in areas prone to drought because it helps keep them strong and healthy in extreme conditions. Proper irrigation also increases a tree's resistance to pest infestation and disease.

To see other ways Tree Service Experts Arlington uses to keep trees healthy, visit the company's website: https://www.thelocaltreeexpert.com/tx/arlington/.

In addition to its tree watering program, Tree Service Experts Arlington also provides a full range of other tree care services. These include tree pruning, fertilization, insect control, and more. The company has been in business for more than 20 years and is committed to providing top-notch services to its customers.

Tree Service Experts Arlington is staffed with trained professionals who provide excellent customer service. From certified arborists to horticultural specialists, the team has an extensive knowledge of tree care that enables them to diagnose and treat any issue.

Furthermore, the company uses only the highest quality products to ensure optimal results for every job. Customers can rely on Tree Service Experts Arlington for tree selection, placement, and maintenance advice.

The company also offers emergency services during a severe storm or other tree-related emergencies. This includes 24/7 response service, tree removal and stump grinding, and repairing power lines or structures damaged by fallen trees. The team takes great care in restoring damaged properties while prioritizing safety. In addition, they use eco-friendly techniques wherever possible to minimize the impact on the environment and surrounding areas.

The new tree watering project will take the company's tree care services to the next level. It will reduce the tree death toll, which is often high when rain dwindles and the sun becomes hotter.

"We understand how important it is to keep your trees healthy and looking their best," said Barry. "That's why we've created this new program ? to ensure that your trees get the care they need to survive the summer months."

Tree Service Experts Arlington's limited-time tree irrigation program is available now and can be accessed by homeowners in Arlington and the neighboring regions. Tree owners wishing to book this service can visit company offices at 2317 Roosevelt Dr, Arlington, TX 76016, United States. Homeowners can also contact the company's customer support department at 682-228-6642 and sales@thelocaltreeexpert.com.
