# Tree Service Alpharetta Launches Urban Reforestation Program to Increase Tree Canopy Cover by 30%

*March 21, 2023*

March 21, 2023 -
Alpharetta, GA ? Tree Service Alpharetta today announced the launch of its urban reforestation program, aimed at increasing tree canopy cover by 30 percent. The initiative is part of the company?s mission to make Alpharetta greener and healthier for residents and visitors.

Tree Service Alpharetta is a locally-owned business that plants and maintains trees throughout the greater Alpharetta area. With over five years of experience, the company has become an arboriculture expert, providing tree services such as trimming, pruning, removal, and stump grinding.

The urban reforestation program will focus on increasing tree canopy cover in areas with little or no tree coverage, such as sidewalks, alleys, and parking lots. By planting more trees, the company hopes to reduce air pollution, improve water quality, reduce energy costs, and create habitats for wildlife.

?At Tree Service Alpharetta, we recognize the importance of trees in our environment and the benefits they provide to our community,? said Uwsauy Blkswe, CEO of Tree Service Alpharetta. ?Our urban reforestation program is designed to help increase tree canopy cover in Alpharetta and create a healthier, greener city for all.?

To see how Tree Service Alpharetta maintains healthy trees, visit its website: https://www.treeservicesatlanta.com/alpharetta/.

To help fund the initiative, Tree Service Alpharetta is asking local businesses and individuals to donate funds or volunteer their time. All donations are tax-deductible and will go directly toward purchasing materials and plants needed for the project. In addition, volunteers can help with planting trees and caring for them in the future.

The company is also working with local schools and universities to educate students about the importance of trees and sustainability. Through educational programs, Tree Service Alpharetta hopes to inspire young people to become stewards of their environment.

?We believe education is key to environmental stewardship and conservation,? said Blkswe. ?By engaging with local schools and universities, we can help spread awareness about the importance of trees in our communities and motivate the younger generation to take action.?

Tree Service Alpharetta?s reforestation program is expected to begin early next month. The company plans to plant thousands of trees in the coming year to reach its 30 percent canopy cover target by 2025. For more information about the project or how to donate or volunteer, please visit the company?s offices at 945 North Point Dr #1230, Alpharetta, GA 30022, United States. The company can also be contacted at 678-990-1862 and sales@treeservicesatlanta.com.
