Tree Service Marietta Launches Innovative Green Roof Installation Program to Promote Urban Sustainability

March 21, 2023

March 21, 2023 -
Marietta, GA - Tree Service Marietta, a local tree care service provider in Marietta, GA, is proud to announce the launch of their innovative green roof installation program. This program allows customers to turn their flat roofs into lush green spaces that provide environmental benefits and reduce energy costs. The program was designed with urban sustainability in mind and is part of Tree Service Marietta's commitment to helping cities become greener and more livable.

Tree Service Marietta CEO, Claire Veredico, is excited about the program's launch: "We are thrilled to be able to offer our customers an affordable way to make their rooftops greener and more sustainable. We believe this initiative will help promote urban sustainability now and in the future."

Tree Service Marietta's green roof installation program includes a comprehensive range of services, including design and engineering, soil preparation, vegetation selection, and ongoing maintenance. Using advanced engineering principles and professional expertise, the Tree Service Marietta team can transform any flat roof into a thriving green space.

Green roofs are beneficial for both businesses and the environment. They can reduce cooling costs by up to 25%, and their vegetation helps to filter out pollutants from rainwater and decrease the effects of urban heat islands. Additionally, they are aesthetically pleasing and can create attractive outdoor spaces for businesses.

To see other ways Tree Service Marietta leverages to improve trees and the urban forest, visit the company's website: https://www.treeservicesatlanta.com/marietta/.

"Our green roof installation program is designed to help businesses take advantage of all the benefits of having a green roof," said Veredico. "From reducing energy costs to improving air quality, our team is dedicated to ensuring businesses get the most out of their investment."

In addition to its green roof installation program, Tree Service Marietta offers various services such as tree pruning, stump grinding, landscaping, and more. All of their services are tailored to meet each customer's unique needs and ensure that they get the best results possible.

Veredico concluded, "At Tree Service Marietta, we understand how important it is for businesses to access quality tree care services. That's why we strive to provide our customers with the highest level of service at a price they can afford. In addition, we are committed to helping businesses create beautiful, sustainable outdoor spaces that everyone can enjoy."
