

Dr. Mark Hickman Is Making Reversing a Vasectomy Affordable at His Clinic in New Braunfels, Texas

March 28, 2023

New Braunfels, TX - March 28, 2023 - PRESSADVANTAGE -

Microsurgical Vasectomy Reversals by Dr. Mark Hickman in New Braunfels, Texas, is helping patients reverse a vasectomy and experience the joy of parenthood.

Dr. Mark Hickman is an established practitioner of microsurgery who has merged his medical insight and innovation with his strong Christian faith to bring down the cost of vasectomy reversals. The doctor's goal, which is to make the procedure as affordable and reliable as possible, has helped countless families get a fresh start with something they thought they had irrevocably lost.

Regardless of whether you have completely missed out on what it feels like to bring a new life into this world, Dr. Hickman says, or want to bring another angel into your family after years of following family planning advice, I can help you restore your gift, just as God intended. With decades of experience in microsurgery, I have used my blessing from the Almighty to reverse vasectomies for those who yearn to be whole again.

Dr. Hickman's dedication to his spiritual leanings is evident in his work at several ministries. Apart from being an active member of his church, he is also involved with and passionate about the Men's ACTS Retreat Ministry. He currently serves on the Apostolate Board for the North American Province of the Missionaries of the Holy Family and on the Board of Directors of TIPHER (The Institute for Public Education, Health, and Research).

In his professional life, Dr. Hickman is considered a pioneer in the field of laparoscopy, the science of performing surgery with minimally invasive instruments. As an expert in laparoscopic procedures, he has invented several surgical instruments, has been awarded a US patent, and is recognized as a contributor to several other important minimally invasive patents. He is also often invited to teach his methods to other surgeons across the country.

At Microsurgical Vasectomy Reversals in New Braunfels, Texas, Dr. Hickman offers two all-inclusive affordable options. The microsurgical vasectomy reversal surgery cost option of \$3,300 includes local anesthesia and an oral sedative. The \$4,200 offer is performed under IV sedation and is administered by a Board Certified Anesthesiologist. Both microsurgical options are all-inclusive with no hidden fees.

The procedure involves performing a microsurgical repair of the vas deferens with a powerful operating microscope and fine nylon suture (much finer than a human hair). A typical repair requires 10-15 stitches. The procedure aims to create a direct and careful alignment of the lumen of the two ends of the vas and a watertight closure for a higher success rate.

Patients from all over Texas and the USA have benefited from Dr. Hickman's services. On his website, visitors can browse through dozens of testimonials where patients tell their stories and how the doctor changed their lives forever. The clinic also has an impressive overall rating of 4.8 out of 5.0 on its Google Business Profile from over 50 reviews.

One testimonial says, "I wanted to give you a baby update. My husband and I welcomed our precious baby girl into the world?Even though she was 5 weeks early, she passed all of her newborn screenings and tests, did not require breathing or feeding assistance, and spent no time in the NICU. She was discharged the same day I was...The blessing, aside from her being completely healthy, is that she arrived one day prior to my husband's and my 10th wedding anniversary, a year after we experienced our first miscarriage. God used her birth to be a reminder to us that he gives "beauty for ashes." Dr. Hickman, while we know all glory belongs to God, our family has been blessed by your ministry and your willingness to assist families in restoring the privilege of fertility."

Readers can get in touch with Dr. Mark Hickman at (830) 660-0600 or visit the clinic's website to schedule a free consultation about its affordable vasectomy reversal procedures. The clinic can also make exclusive arrangements for out-of-town patients from across the USA.
