March 20, 2023 -
Align HC -Preston, Melbourne VIC, a leading healthcare provider in Melbourne, is proud to announce the expansion of its services to include comprehensive foot and ankle rehabilitation programs. The new services will be offered at the company's location at 2/226 Bell Street in Preston, VIC.

As part of its commitment to providing high-quality care to its patients, Align Health Collective has invested in state-of-the-art technology and equipment to diagnose and treat a wide range of foot and ankle conditions. The new services will be delivered by a team of expert physiotherapists and podiatrists who have extensive experience in treating foot and ankle injuries.

According to Chalerm Tuantab, Managing Director of Align Health Collective, "They are excited to expand their services to include foot and ankle rehabilitation programs. The team understands that foot and ankle injuries can be debilitating, and are committed to providing patients with the highest quality care to help them recover as quickly as possible."

At Align Health Collective the team of expert physiotherapists and podiatrists is dedicated to providing comprehensive care for the whole body, with a focus on accurate diagnosis and evidence-based treatment of foot and lower limb pain. The team understands that discomfort can impact daily life, which is why they offer tailored solutions aligned with specific issues and fitness and lifestyle goals.

The new foot and ankle rehabilitation programs will include a comprehensive assessment of each patient's condition, followed by a personalized treatment plan that is tailored to their specific needs. The treatments will include a range of evidence-based therapies, including exercise therapy, manual therapy, and shockwave therapy, among others.

"Align Health Collective believes in taking a holistic approach to foot and ankle rehabilitation," said Tuantab. "The team of expert physiotherapists and podiatrists will work closely with each patient to develop a personalized treatment plan that addresses their unique needs and goals."

Align Health Collective's foot and ankle rehabilitation programs will be available to patients of all ages, from children to seniors. The company's team of expert physiotherapists and podiatrists have extensive experience in treating a wide range of foot and ankle conditions, including but not limited to heel pain, plantar fasciitis, bunions, and ingrown toenails.

Looking to the future, Tuantab said, "Align Health Collective is committed to continuing to expand their services and to providing their patients with the highest quality care possible. The team believes that everyone deserves access to quality foot and ankle rehabilitation programs, and is dedicated to delivering the best possible outcomes for their patients."
