Premier Kitchen & Bath Remodeling is offering high-quality yet affordable bathroom remodeling services in Des Plaines, IL, and surrounding communities in Chicago.

Apart from an improved refreshing everyday experience, bathroom remodels also offer real tangible benefits. Some recommended changes can add both utility as well as increase safety. For example, with proper lighting, tasks such as shaving and applying make-up in front of the bathroom mirror become much more manageable. Lighting can also be used to set the right mood making it easy to relax at the end of a busy day. Creating shampoo niches can help homeowners reduce clutter and make the bathroom feel more inviting.

A major bathroom renovation can be to eschew the use of a tub and opt for a walk-in shower enclosure instead. The latter might be better suited to many homeowners? lifestyles and also lead to lower overall water usage. Walk-in enclosures increase safety as the likelihood of slip-and-fall accidents is high with bathtubs, especially if the bathroom is meant to be used by seniors. Homeowners can also opt for shower enclosures

to make better use of their limited space as they make it feel more spacious.

?Shower enclosures are a hit with Chicago homeowners despite their relatively higher costs,? the spokesperson for Premier Kitchen & Bath Remodeling says. ?They are just more practical for many of our customers and give the entire bathroom a clean, refined look that is hard to replicate with a conventional bathtub and shower setup. You can opt for a prefab or even a custom shower enclosure depending on the look you are going for and your budget. Regardless of your choice, you can rely on our expert design team and skilled subcontractors to make planning and installing one a breeze. Here are the directions to our office. Visit us today to get started.?

Premier Kitchen & Bath Remodeling has over 35 years of experience helping Chicago homeowners remodel their properties to keep up with the times. The company?s services include bathroom remodeling, basement remodeling, kitchen remodeling, electrical, and plumbing. With Premier Kitchen & Bath, Chicago residents get a full-service home remodeling solution to help them breathe new life into their property.

According to its website, the company has completed nearly 680 kitchen remodels, 640 bathroom remodels, and 370 basement remodels. As a Certified Remodeling Company specializing in Residential Home Remodeling, Premier offers a 3-year workmanship and labor warranty. In contrast, many of the other contractors in the area are only able to offer 1-year warranties.

The Chicago home renovations contractor is rated at an A+ by the Better Business Bureau. It also boasts an impressive overall average rating of 4.7 from over 140 reviews on all its online profiles. Reviewers praise the company?s attentive design services, the professionalism of the installation crew, and its responsive customer service.

One Google review says, ?We are in the process of hiring them for a third time. We used them to completely remodel a bathroom and change out some doors in our house. High-quality work, great tradesmen. Our project manager, Vinny, does an amazing job with the scheduling so there is no lag or surprises. When we encountered a small issue they went out of their way to quickly fix it without any arguing or headaches. I highly recommend them.?

Another reviewer describes the customer service they received during a bathroom remodel by saying, ?Every single team member was knowledgeable, courteous, and respectful. The Premier team worked with us collaboratively to make sure every decision ended up working toward our vision, and the final project shows. They helped us work through all sorts of decisions along the way from layout to material selections, and every conversation felt natural and unforced. They have been responsive to all communications and have worked tirelessly to make sure every one of our concerns has been answered.?
