One homeowner shares their experience with Premier?s design, planning, and installation process in great detail. The review says, ?Premier Home Improvements went above and beyond my expectations on my kitchen remodel! I received a five-page plan of the entire work, from payment to blueprints, and that put me at such ease. Very professional! I had unknown plumbing and electrical issues that they had to completely redo. My electrical box placement wasn?t in a good place and I showed them a hidden/behind backsplash/cabinet idea and they delivered exactly what I asked for! They turned my Pinterest picture ideas into reality, and I love everything about it. I highly recommend them for anyone looking to remodel!?
