April 18, 2023 -
Premier Kitchen & Bath Remodeling offers all the services that homeowners in Niles, IL, need to completely transform their property?s kitchen.

Homeowners planning on upgrading their kitchen must make countless decisions about how they want their space to look after the renovation. Premier Kitchen & Bath recommends starting with the spacing for the pathways based on the number of people expected to use the kitchen. The height placement of the microwave can be set based on whether children in the household are expected to use the kitchen along with their parents.

Several smaller design considerations can also boost productivity. Cleaning time can be cut significantly by using flush sets or under-mount sinks or choosing matte surfaces that don?t show as much dirt as glossy ones. Planning a kitchen island to occupy a central location can help streamline the entire time that one spends cooking. Having countertops at different heights can enable the kids to work alongside their parents.

?You have to settle on a visual language that seamlessly fits into the rest of your home?s décor,? the spokesperson for Premier Kitchen & Bath Remodeling says. ?It is recommended to use softer shades in the kitchen as they make it feel more spacious and inviting. Picking a focal point and building the rest of the kitchen around it will help you solidify the broader design. Avoid splashy tiles, fancy flooring, sizable range hoods, bright and distracting kitchen cabinets, and busy countertop patterns as you want to be focused while you are in there. There is just so much to learn and experiment with. If you feel overwhelmed, don?t worry as you can always rely on our experts to help you through the entire process. Here are the directions to our office. Visit us to get started.?

Premier Kitchen & Bath Remodeling has over 35 years of design, planning, and installation experience serving Chicago homeowners. Premier Kitchen & Bath only works with trusted industry manufacturers for its products such as Kohler, Sterling, Kraus, LifeProof, Quartz, Floor & Décor, and more.

On its Google Business Profile, Chicago homeowners have repeatedly praised Premier for its customer service, work quality, professional crew, and reasonable pricing. One customer writes, ?This is our second home improvement project that Premier Home Improvements has done for us in the past two years. Our 1990?s bathroom needed a long overdue update. The end result is amazing and we have had so many compliments.?

Another Chicago homeowner talks about upgrading their property?s kitchen with the company by saying, ?We just had our 65-year-old kitchen fully remodeled by Premier Home Improvements and they did a phenomenal job. From design to product selection, and specifically the numerous areas within our plans that required customization when the project was in full swing - the Premier team was able to problem-solve each one successfully and provide a stunning solution. We have now had multiple family members and friends visit our dream kitchen and comment that it looks like something out of an ABT showroom!!?
