Northwest Chicago Contractor Talks About Why People in Park Ridge Get Kitchen Remodeling Done

April 18, 2023

April 18, 2023 -

Harwood Heights-based Premier Kitchen & Bath Remodeling is one of the most sought-after contractors in its area of Illinois. This is the result of the wide variety of remodeling jobs that the company performs to very exacting standards. Among that remodeling work is the company?s ability to bring just about any kitchen remodeling design to life.

A company representative wanted to discuss the main reasons why people choose to remodel their kitchens. He stated, ?Kitchens are used just as much as any other room in a house. That?s why they are also one of the most popular rooms in any residence to remodel. The reasons why people choose to undergo this type of renovation are both obvious and not so obvious.?

It was first mentioned that one of the most popular reasons homeowners remodel a kitchen is to make it more functional. This can be anything from making a kitchen bigger to improving the layout of a kitchen to help simplify cooking. The addition of breakfast bars and islands with seating also increases a kitchen?s

functionality.

Aging kitchens are another major reason for undergoing kitchen remodeling Park Ridge. It may be that cabinets are falling apart or the appliances that are in a kitchen don?t offer the same convenience as more modern ones. Older kitchens may be remodeled for other reasons too. The company representative says that this may include making a kitchen more energy efficient or just simply making a deteriorating kitchen setting look better.

He also stated that many owners recognize that putting money into their kitchen will, in turn, increase their home?s value. So this type of remodel often nets a good return on investment if a home gets put up for sale. In keeping with this train of thought, the company representative says that having a modern and better-looking kitchen will also be more attractive to prospective home buyers.

The company representative also pointed out that some kitchens lack seating space or storage space. These are very compelling reasons for someone to ask a contractor for help coming up with a new kitchen design that allows for the previously mentioned traits. Shelving, modern cabinets, islands, and breakfast nooks can all be a part of this type of kitchen redesign and remodel.

Kitchen remodels are also one of the first things that a homeowner will do after buying a hose. This will make their kitchen more suitable for their needs. A family with a person with special needs may also renovate a kitchen to make it more functional for the special needs family member.

Those that have had a kitchen remodel done for them by Premier Kitchen & Bath Remodeling often rave about that experience in reviews.

Mariam Ebrahimi stated, ?Premier Home Improvements went above and beyond my expectations on my kitchen remodel! I received a five-page plan of the entire work, from payment to blueprints, they put me at such ease. Very professional! I had unknown plumbing and electrical issues that they had to completely redo. My electrical box placement wasn?t in a good place, and I showed them a hidden/behind backsplash/cabinet idea and they delivered exactly what I asked for! They turned my Pinterest picture ideas into reality, and I love everything about it. I highly recommend them for anyone looking to remodel!?

Mary Quinn wrote, ?I had Premier do a total remodel of my kitchen. They opened one wall up giving it a more spacious feeling. New cabinets, sinks, appliances, and flooring were also installed. I wanted a specific tile I had seen on tv and the project manager worked with me until we found it. The workers were also excellent, cleaning up after themselves every day. There was nothing they couldn?t do, from plumbing to tile to cabinets. I highly recommend Premier Home Improvements and will hire them again in the future.?

The company representative says that they enjoy talking to people in person about their kitchen and other remodeling desires. He added, ?Directions to our office can be found on our Google Maps Business Listing.?
