Columbus Tree Service Experts Arborists Receive Advanced Tree Climbing Training to Tackle Challenging Tree Care Situations

March 21, 2023

March 21, 2023 -
Columbus, OH - Columbus Tree Service Experts, the leading provider of residential and commercial tree care services in Central Ohio, proudly announce that their arborists have undergone intensive training in advanced tree climbing techniques for challenging tree care situations. The news was announced at a press conference at Columbus Tree Service Experts headquarters.

Michael Johnson, CEO of Columbus Tree Service Experts, said, ?At Columbus Tree Service Experts, we take our commitment to providing the best possible service to our clients very seriously. As a result, our arborists have undergone an intensive training program to develop skills to handle more complex tree care scenarios. We believe this will help us provide our clients better service and results.?

The advanced tree climbing training program was conducted by renowned arborist instructor Mark Chisholm and included instruction on the latest techniques and safety protocols. Topics covered included knot-tying techniques, rope-handling techniques, aerial rescue strategies, ascent techniques, and much more. More information on how Columbus Tree Service Experts improves safety during tree maintenance can be gleaned here: https://www.treeservicecolumbus.com/.

?We are excited to have gone through such an intensive course of study with Mark Chisholm and learn the latest techniques in advanced tree climbing. We feel that this will make us even more effective at tackling whatever challenging tree care situations come our way,? said Johnson.

In addition to the advanced tree climbing techniques, Columbus Tree Service Experts arborists were also trained in properly using rigging equipment, including installing slings, pulleys, and other hardware. This training is essential to ensure the safety of the arborists and the trees they work with.

Johnson added, ?Safety is our priority at Columbus Tree Service Experts. We take every precaution necessary to ensure all our employees remain safe while working with trees. In addition, our arborists are now equipped with the knowledge and tools to handle any tree care situation.?
