Kansas City-based dumpster rental company Huntley Disposal is proud to offer four different dumpster sizes to meet the needs of residential, commercial, and construction projects. The dumpster sizes range from 10 yards to 40 yards and are designed to provide cost-effective and efficient waste removal services to help complete a range of waste disposal project goals.

"We?ve become the go-to dumpster rental provider by meeting the needs of every project type, big or small," Huntley Disposal owner and spokesperson David Finke said. "We have no doubt that our industry-leading fleet of dumpsters will help you get the task at hand done in a streamlined, safe, and affordable manner, whether you?re tackling a home renovation project or managing a demolition site."

The five dumpster rental sizes offered by Huntley Disposal include 10, 15, 20, 30, and 40-yard options. These dumpsters can accommodate a wide variety of waste materials, including construction debris, household junk, furniture, appliances, landscaping waste, and more.

The 10-yard dumpster begins at $315 for up to seven days of rental time, with two tons of waste disposal included in the base price. According to the company website, this bin is ideal for quick residential projects such as clearing out garage or attic clutter, picking up yard debris after a storm, or removing flooring from a room. It measures 12? long by 7? wide by 3.5? high. Additional days and extra weight can be purchased for $10 per day starting on the eighth day and $60 per ton.

The 15-yard container begins at $335 for up to seven days of rental time, with two tons of waste disposal included in the base price. It measures 12.5? long by 7? wide by 4.5? high and is ideal for two-car garage cleanouts, bedroom or half-bath remodeling projects, or removing shingles after a roofing repair. Additional days and extra weight can be purchased for $10 per day starting on the eighth day and $60 per ton.

The 20-yard dumpster begins at $375 for up to seven days of rental time and includes three tons of waste disposal in the base price. This container measures 18? long by 8? wide by 5? high and is used for residential roof replacements, removing walls, or downsizing an office park. Additional days and extra weight can be purchased for $20 per day starting on the eighth day and $60 per ton.

The 30-yard dumpster begins at $425 for up to seven days of rental time and includes four tons of waste disposal in the initial price. This bin measures 20? long by 8? wide by 6? high and is a popular choice for contractors, construction professionals, and property managers completing a range of infrastructure, demolition, new development, and cleanout projects. Additional days and extra weight can be purchased for $20 per day starting on the eighth day and $60 per ton.

The largest container option, the 40-yard bin, begins at $485 for up to seven days of rental time, with five tons of waste disposal included in the base price. Measuring 20? long by 8? wide by 8? high, this size is often rented for large-scale demolition and construction projects, including commercial roofing replacements, office park demolitions, new home construction, and more. Additional days and extra weight can be purchased for $20 per day starting on the eighth day and $60 per ton.

"Our range of dumpster sizes allows us to provide customized waste removal solutions to our customers, no matter the size of their project," Finke said. "We take pride in offering high-quality dumpster rental services that are affordable and efficient."

Huntley Disposal's cost-effective pricing model is another reason for their popularity among customers. The company's pricing structure is transparent and competitive, ensuring that customers get the best value for their money. They do not charge any hidden fees, and their rates include delivery, pickup, and disposal fees.

"We believe that dumpster rental services should be affordable and accessible to everyone," said Finke.

"That's why we have designed our pricing model to be fair, transparent, and budget-friendly."
