

My Implant Dentist Celebrates 5 Years of Successful All-on-4 Dental Implants

March 23, 2023

March 23, 2023 -
My Implant Dentist - South Perth, WA, a leading dental implant clinic in Perth, is celebrating over 5 years of successful All-on-4 dental implants with huge success. This innovative dental procedure involves replacing existing or non-existent teeth with four dental implants to support a new and natural-looking smile.

"My Implant Dentist is thrilled to have reached this milestone of 5 years of successful All-on-4 dental implant treatments," said Dr Kent Tan, the founder of My Implant Dentist. "The team of highly qualified dental professionals is dedicated to providing patients with a minimally invasive, long-lasting solution for complete teeth replacement."

All-on-4 dental implants are a revolutionary dental procedure that uses just four implants to support a full arch of teeth. The procedure provides a complete, long-lasting solution for those who want a beautiful smile without the discomfort and inconvenience of removable dentures. With a 98% success rate, the All-on-4 Perth dental implants have become the go-to solution for people seeking a natural-looking and functional smile.

"My Implant Dentist has always been committed to using innovative techniques and advanced technology to provide the best possible dental implant treatments," said Dr Kent Tan. "The team takes pride in being able to help their patients achieve their brand-new smiles in just one week, with little to no downtime."

In addition to achieving a new smile in just one week, My Implant Dentist's All-on-4 dental implants offer a natural-looking solution that can improve a patient's confidence and overall oral health. The treatment is also affordable, with prices starting at $19,000 for an acrylic titanium bridge per jaw and $25,000 for an initial temporary bridge and final Zirconia bridge per jaw.

At My Implant Dentist, the team believes that everyone deserves a smile they can be proud of. They are dedicated to delivering exceptional care and support to all the patients, and the team are excited to continue providing innovative dental implant treatments for years to come.

My Implant Dentist's All-on-4 dental implants are available at their clinics in South Perth, Ellenbrook, Mindarie, Belmont and Moorooka making them accessible to patients in both Perth and Brisbane.
