

Isla Mujeres Vacations Launches New Caribbean Island Getaways

December 09, 2015

December 09, 2015 - PRESSADVANTAGE -

Isla Mujeres Vacations, a business in Isla Mujeres, Mexico, has launched a new program of Caribbean islands get aways. They offer a range of fantastic vacation homes, condos and hotels in a range of locations for people to choose from. Their goal is to help people make their Caribbean dreams come true. Full details are available through the company's website at <http://islamujeresvacations.com>.

"We want to help people create the most amazing vacation getaway to the Caribbean islands," says Susan from Isla Mujeres Vacations. "So many people have those destinations on their bucket lists and we want to make sure they can actually turn their dreams into a reality and build memories that will last a lifetime."

Besides offering vacation accommodations, the company also helps people identify a wealth of fun things to do while they are there. They can take rides in golf carts, go snorkeling or scuba diving, go on local or deep sea fishing trips, and more. Naturally, people are also welcome to simply spend their time relaxing on the beautiful sandy beaches, cooling down in the crystal clear blue water that the Caribbean is so famous for.

They also have a number of special packages available, with the 'Ancient Mysteries' tour perhaps being the most popular one. "Before Columbus landed in the new world, Isla Mujeres was a sacred ground dedicated to the Maya goddess of fertility, childbirth and medicine," adds Susan. "It was called Ix Chel in those days. In the 16th century, Spanish explorers landed on the island and saw many images of the Maya goddess, so they named the island 'Island of Women' or Isla Mujeres. We can offer people access to these ancient mysteries. This includes the exploration of ancient Maya temple ruins at the southern point of the island."

Interested parties are encouraged to click [here](#) for further information and to enable Isla Mujeres Vacations to start building the vacation package of a lifetime. They guarantee to offer trips that are completely unique and that are filled with beauty, history and mystery. Booking a vacation package through the company is very easy, as it is all done online.
