December 04, 2015 - PRESSADVANTAGE -

A wedding DJ service provider in Las Vegas, NV, has announced the holiday pricing schedule for the upcoming season. The company states that they will offer special pricing on all DJ services from now until after January 1, 2016, as a special promotion over the holidays.

"We're offering a \$499 special until New Year's Day," states a company spokesperson from Las Vegas Wedding DJ.

The company states that with the holiday season in full swing, DJ services are a must for parties and get-togethers. The spokesperson says that the holidays pricing is the company's way of thanking loyal customers and urging new customers to take advantage of their range of services.

"We know that people are rushing to get things done, get gifts purchased, and still have that amazing party or celebration, and we just want to help make that easier during the Christmas season," he says.

The resident DJ has been studying, producing, performing, and promoting music for years, and currently does so seven days a week and 24 hours a day. The Las Vegas Wedding DJ states that music can "change the world one party at a time."

Las Vegas Wedding DJ provides a range of music to specifically suit the celebration or attendees, and states that they will work with clients to develop a music plan that best fits each individual need. The spokesperson says that whether consumers are searching for a wedding DJ or just someone to bring a bit of life to a holiday celebration, they are available and ready.

"We'll be there, bringing the best music to your party that you could imagine," he says. He goes on to say that parties without music are simply boring, and that the company can provide a number of musical effects, guaranteed to keep people on their feet and their moods improving.

More about the company, including a complete list of the music they perform and other services, can be seen
