

## **Premier Kitchen & Bath Is Offering High Quality Basement Remodeling Services In Des Plaines, IL**

*April 06, 2023*

April 06, 2023 - PRESSADVANTAGE -

Des Plaines, IL, homeowners considering a basement renovation are urged to check out the highly rated services offered by Chicago's very own Premier Kitchen & Bath Remodeling.

For homeowners looking to expand their usable living space without breaking the bank, a basement remodel is an excellent option. Zoning laws prohibit additions to a home based on the location and lot size, making going underground the only viable alternative to getting more out of one's property investment. Moreover, basement renovations are also typically more affordable than building a home addition or moving to a larger home altogether.

"When you have a house with an underutilized basement," says the spokesperson for Premier Kitchen & Bath, "you can avoid the costs of new construction and still get the extra living space you need. Whether you want a home theater, a wine cellar, a workshop, or a guest suite, a skillfully renovated basement customized to your specific needs greatly increases your quality of life and opens up endless

possibilities for leisure. All you need is an experienced home renovation partner to help you along the design process. So, if you are ready to make it happen, save these directions to Premier Kitchen & Bath Remodeling, the best in the business in all of Chicago.?

Premier Kitchen & Bath offers some valuable advice for homeowners planning basement renovations. Primarily, since basements generally lack natural light and have limited airflow, it is recommended to take every opportunity to add new windows to make up for its location. Next, homeowners should opt for lighter color choices that help make the basement feel spacious and match the rest of the home's décor.

Enclosed stairwells should be replaced by open stairwells with banisters on each side for safety. Tearing down the walls surrounding the basement stairwell will open up the space improving visibility and ventilation. Instead of installing paneling on the walls, homeowners should opt for drywall that is cheaper to install and feels more contemporary. Finally, Premier Kitchen & Bath strongly advises against suspended ceilings and opting for tray ceilings instead.

Chicago homeowners have relied on Premier Kitchen & Bath for all their home improvement needs for more than 35 years. The company boasts a staggering portfolio of over 1700 completed projects including 680 kitchen remodels, 640 bathroom remodels, and 370 basement remodels. To gauge the company's remodeling expertise and work quality, it invites potential customers to browse its website and view plenty of on-site photos of its work for clients across the Greater Chicago area.

As a Certified Remodeling Company that specializes in Residential Home Remodeling, Premier Kitchen & Bath is fully licensed, bonded, and insured to offer its services in Illinois. One of the biggest advantages of choosing the highly-rated Chicago renovations contractor is its three-year workmanship and labor warranties, a far cry from the one-year warranties that its competitors can offer. The company also only works with premium materials and products from the best manufacturers in the industry including Floor & Décor, Kohler, Sterling, Kraus, LifeProof, Quartz, and more.

Premier's clients in Chicago and surrounding suburbs haven't held back their praise of the company's services. On its Google Business Profile, the company has a perfect 5.0 out of 5.0 rating from over 50 reviews. Homeowners note the professionalism and skills of the company's contractors, the on-time project completion, and the support staff that is always willing to help them out.

One recent review says, "Premier was very professional, from the contracting process to the care they give your home to make sure everything is sealed off and completely clean. The workers were incredibly nice, and the quality was great. Our bathroom looks wonderful!"

Another client writes, "We are truly grateful for the company's thoughtful suggestions and expertise both with

their products and installation. It was clear that they had been attentive to our feedback, as the work on our kitchen still stands out today! Thank you so much - we couldn't be happier with the results.?
